NO. 119

## GERMAN OFFENSIVE OPERATIONS SLACKEN

### SIR PERCY SCOTT IS AGAIN IN ADMIRALTY

Expert Who Prefers Submarines to Big Ships Joins Baron Fisher

### RUSSIAN LEFT WING HAS JOINED ADVANCE

Czar's Troops Win Their Way Over the Border in Several Places

London, Nov. 5.—Naval news looms large in London today. The British public is seeking details of the battle of last Sunday off the coast of Chile, but no continued efforts are being made to minimize this disaster. Great anxiety is felt concerning Rear-Admiral Sir Christopher Cradock, whose fate will not be known until it has been determined what has become of his flagship, the cruiser Good Hope.

The British public, however, is not left without comfort, as Berlin officials admit the loss of the cruiser York. Blown up by a mine near Jade, one of the outlying defences of Wilhelmshaven, while in shipping circles in London it is declared that the career of the German cruiser-koenigsberg, in the Indian ocean has been ended.

Sir Percy Scott, Britain's greatest gunnery expert and a champion of the use of submarines as against dreadnoughts, has rejoined the admiralty. As he has been known in the past as a supporter of Baron Fisher it is expected that he will hold the new policies already inaugurated by the first sea lord of the admiralty.

Further details from the scene of the fighting in the east indicate that the forward movement of the Russians has become general. The Russian left wing, which was held by the Austrians for weeks, has joined in the advance. This is admitted by a report given out in Vienna, which declares that the Austrians, having maintained their positions on the Lysa Gora mountain, where the Teutonic allies pivoted in order to let the rest of the army complete its wheeling movement to a new line, are now retiring.

At the same time Austria set forth certain minor successes along the line from the river San to Jaroslaw. Petrograd, however, makes positive assertion that the Austrian movement is a retreat, amounting to a rout, in which the much booty. According to reports in the Russian capital, General von Hindenburg, the German commander, is continuing his retiring movement in Russian Poland, while desperate fighting along the frontier of East Prussia has enabled the Russians to cross the border at several points. A significant phase of the eastern campaign, as indicated by a report from Rotterdam that the ninth German army corps has been transferred from Belgium to East Prussia.

### HOGUE'S COMMANDER ARRIVES AT MONTREAL

Halifax, N. S., Nov. 5.—Commander R. A. Norton, late of H. M. S. Hogue, and the captain of H. M. S. Crossby, are aboard the British warship now in port. It was Commander Norton who submitted the report of the sinking of the Hogue to the admiralty which report concluded "I have the honor to submit that I may be appointed to another ship as soon as I can get a kit." His request was answered soon, as he is now in command of a warship.

### DUKE OF BUCLEUCH DIES; 83 YEARS OLD

London, Nov. 5.—The death of William Henry Walter Montague-Douglas-Scott, sixth Duke of Buccleuch, has been announced here. He was a conservative member of the House of Commons from 1853 to 1868 and 1874 to 1880. He was 83 years old.

### SECOND SHIP WITH FOOD AND CLOTHES GOES THIS MONTH

Halifax, N. S., Nov. 5.—Nova Scotia's second ship of mercy with food and clothing for the Belgians will sail within two weeks. Last night Premier Murray received a cable from John Howard agent-general for Nova Scotia in London, stating that the British admiralty had placed the collier Boukadra, now in Halifax harbor, at the disposal of the Nova Scotia government. There are now on the tracks in Halifax 157 cars of supplies, and from St. John's, Montreal and Charlottetown inquiries have been received for space for fifty more.

### EXPECTED THAT BRITAIN WILL OCCUPY PALESTINE

Rome, Nov. 5.—It is reported here that British cruisers are to-day bombarding fortifications on town of Jaffa. This is the Joppa of Biblical times, and is only 31 miles from Jerusalem, in possession of Turks. It is considered quite possible that Britain intends to send an expedition quickly to occupy the whole of Palestine.

### QUEBEC SHOE FACTORY DESTROYED BY FLAMES

Four Hundred Employees Escape Burning Building, Only Two Slightly Injured.

Quebec, Nov. 5.—The large shoe factory of Gale Bros., located in the industrial centre of the city, was swept by fire shortly after ten o'clock this morning. The fire gained headway rapidly and other factories were threatened. The fire was caused by an explosion, the loss being \$25,000. The employees were in a panic but no lives were lost. Four hundred were employed in the factory and scores were trapped in the upper stories by the flames. Most of them escaped by jumping on the roofs of sheds and adjoining buildings in the rear and those who had not escaped were rescued by the firemen. Mary Chamberlain, 21, was severely cut when jumping through a window. Rose Anna Raymond, 18, was partly suffocated and carried out by fellow workers. She was quickly revived. The Gale factory was in a rush of work, and this morning's fire will deprive many of employment. George Gale stated that repairs will be rushed to enable the factory to re-open as early as possible.

### DOMINION OF CANADA LOAN BOUGHT FREELY

London, Nov. 5.—It is gratifying to find that the issue of the Dominion of Canada loan, which the public have bought so freely of the scrip since the closing of the stock exchange, that the original subscribers have been able to reduce their indebtedness to a sum which they can meet without inconvenience. No indulgence is now asked for over this loan.

There are less popular issues on which calls are outstanding, the issuing houses of which may possibly follow the example of the South Indian railway directors who have acknowledged their difficulty by giving the subscribers an option of taking up such an amount as they have already paid for without continuing the obligation to pay for the balance.

### CARRANZA AND VILLA TROOPS ARE FIGHTING

El Paso, Tex., Nov. 5.—Advises received today by civil officials in Juarez said that a battle was in progress between Villa and Carranza troops 20 miles south of Agua Calientes, where the convention of chiefs recently attempted to adjust their factional differences. It is said Villa has sent a force of 10,000 men and more than 100 cannon to meet the advance of the Carranza troops, the strength of which is not known.

### AVIATORS AT SAN DIEGO INJURED, FALL 40 FEET

San Diego Cal., Nov. 5.—Captain L. E. Goodier, Jr., U. S. aviation corps, was perhaps fatally injured, and Glenn Martin, another aviator, was seriously injured to-day in a fall of about forty feet. The accident occurred near the army aviation camp on North Island, across the bay from San Diego. Two were in Martin's machine.

### MEXICANS ARRESTED

Washington, Nov. 5.—All of the prominent Mexicans who signed posters calling upon the people to rise and drive the American forces from Vera Cruz have been arrested, according to a dispatch from the Brazilian minister at Mexico City to the state department.

### GERMANS' RANKS CUT UP IN EAST PRUSSIA

Of Certain Companies All Killed With Exception of Eighty Men

### NUMBER OF AUSTRIAN DESERTERS INCREASING

Von Hindenburg's Army in Poland Has Been Retreating Two Weeks

Paris, Nov. 5.—A late official communication from the Russian government is contained in a Petrograd dispatch to the Havas Agency. It says: "The losses sustained by the Germans on the East-Prussian front are considerable. Of certain companies only eighty men remain."

"On the night of November 3, we took Miawa, near the Prussian frontier. Forty Cossacks attacked the pickets of the enemy, sabred forty and took an officer and twelve men prisoners, losing only two killed and three wounded."

"Austrian deserters, of whom the number is steadily increasing, state that discord reigns between the Austrians and the Germans. They also declare that the latter have suffered enormous losses."

Petrograd, Nov. 5.—The new position of the German army front along the river Warthe, over seventy miles west of the Vistula river, which they reached at the time of their attempted attack on Warsaw, indicated the tremendous retreat of General von Hindenburg's entire army in Poland during the last two weeks. This retreat is regarded as especially important, since such noted industrial centres as Lodz, Piotrkow, Radom and Kielce were recaptured by the Russians. The strategic point at Sandomir, which is at the junction of the San and Vistula rivers, has been retaken.

On the East-Prussian frontier the Germans have met with no success in assuming the offensive and at some points the Russians have crossed into German territory. While the retreat of the Austrians operating in South Poland and Galicia is not so marked as that of the Germans, the official reports here indicate that they have moved perceptibly backward.

The Bourse News has published a special dispatch from Teheran as follows: "All classes of Persian society are aroused by the action of Turkey. The German and Turkish ministers here are exerting all their power to bring Persia into active participation in the war against Russia. Salared Dowleh, the pretender to the Persian throne, has announced himself openly as Germany's candidate for the rulership of Persia."

Reports from Tabriz say the Turkish consul here has been arrested and the German and Austrian consuls have taken refuge in the consulate of the United States.

### SUBMARINE CABLE IN AEGEAN SEA BROKEN

Rome, Nov. 5.—Owing to the interruption of the submarine cables in the Aegean Sea, together with the suspension of traffic on several land lines into the Balkan States, messages for Greece, Serbia and Russia now are being routed over Italian lines and forwarded by way of Zante, a Grecian island. As a result, Italian telegraph lines are congested.

### GEIER'S OFFICERS MUST STAY IN UNITED STATES

Washington, Nov. 5.—Two German officers and two men of the crew of the German cruiser Geier, now at Honolulu, who have been held for some time at San Francisco, will be paroled but must remain in the United States until the end of the war. The German embassy was so informed to-day by the state department.

### COL. KIRKPATRICK DEAD

San Francisco, Nov. 5.—Col. J. C. Kirkpatrick, manager of the Sharon estate, the Palace and Fairmont hotels of this city, and one of the best known hotelmen in the country, died here early to-day of diabetes. He was a member of the University and Pacific Union clubs and a graduate of Ann Arbor.

### BRITISH WARSHIP NOT ARRIVED AT ANY CHILEAN PORT

Santiago, Chile, Nov. 5.—No further news has been received here concerning the naval engagement off the coast of Chile last Sunday in which German and British warships participated. No British warships have arrived so far as known at any Chilean port nor has any wreckage been found on the coast. The only information in the hands of the British legation here is that from German sources.

### IS ADVISED TO WAIT FOR OFFICIAL REPORT

Halifax, Nov. 5.—Mrs. Cummings of this city, whose husband is an officer on H. M. S. Good Hope, received a message yesterday afternoon from her father in London, who is in close touch with admiralty officials. This message said: "Don't worry, wait for official report."

### BRITAIN NEEDS MILLION MEN EARLY NEXT YEAR

Newspapers Assert That Recruiting Has Not Been Adequate in Crisis.

London, Nov. 5.—In view of the re-assembly of parliament a week hence, when an important debate on military matters is expected, it is interesting to note the trend of opinion as expressed in the newspapers which, with almost complete unanimity, admit that the present methods of recruiting are not adequate to meet the crisis. With only one or two exceptions, the entire London press, yesterday published editorials pointing out the need of more men being recruited, and even such radical organs as the Chronicle and the Daily News urge that steps be taken in this direction.

The Chronicle says to beat the Germans back into their own territory we must be able to put in the field, early next year, more than a million men, and have, at the same time, vast numbers in reserve, for reinforcements. The parliamentary correspondent of the Glasgow Herald, generally well-informed, makes the assertion that an interesting document has been prepared in the form of an appeal signed by both Premier Asquith and Mr. Bonar Law, leader of the opposition, whose object is to obtain information concerning civilians suitable for military service. This document will be circulated by post over selected areas; the Herald says.

### AEROPLANE COLLAPSED OVER CANADIAN CAMP

London, Nov. 5.—A naval aeroplane collapsed over the Canadian camp on Salisbury Plain to-day and the pilot, Flight-Lieut. David Murray, fell with the wrecked machine several hundred feet, landing within a few feet of an Ontario infantry regiment which was manoeuvring. Canadian army medical corps men took him to their field hospital where he died almost immediately. There was some alarm throughout the Canadian camp as it was rumored that 20 Canadians had been killed by debris of falling aeroplane.

### DEMOCRATS ARE SURE OF THIRTY MAJORITY

New York, Nov. 5.—With four congressional districts still uncertain, results of Tuesday's elections show that the Democrats elected to the house 228, Republicans 194, Progressives 7, Socialists 1 and Independent 1. This would give the Democrats a majority in the lower house of 25.

### "ONE TOUCH OF SORROW MAKES THE WHOLE WORLD KIN"

Never was there such widespread sorrow as exists at the moment as a result of the suffering and misery of the greatest war the world has known.

### GREAT BRITAIN AT WAR WITH TURKEY

Official Announcement Made in London That Nation Has New Enemy

### ATTEMPT MADE TO STOP OFFICIALS AT BEIRUT

Regent of Egypt Declares That His Country is Free From Disorder

London, Nov. 5.—It is officially announced in London to-day that a state of war exists between Great Britain and Turkey.

The proclamation to this effect, subsequently was gazetted, reads as follows: "Owing to hostile acts committed by Turkish forces under German officers, a state of war exists between Great Britain and Turkey from to-day and all proclamations and orders in council issued with reference to the state of war between Great Britain and Germany and Austria shall apply to the state of war between Great Britain and Turkey."

A privy council was held in Buckingham Palace this morning to discuss the question. At its conclusion King George signed the documents proclaiming the state of war, and the announcement was made. Telegraphing from Alexandria, Egypt, under date of Tuesday, the correspondent of Reuters says: "The Turkish authorities tried to prevent the departure of the British officials and foreign officials from Beirut but intervention of the American consul in their behalf was successful. It was explained, however, the idea of the detention was not to keep them as hostages but to avoid semblance of a final rupture, as the feeling there is resentful towards the Germans for plunging Turkey into war."

The presence of the American cruiser North Carolina is expected to exercise a salutary influence on popular feeling. Great Britain to-day formally annexed the island of Cyprus, in the Mediterranean, which nominally formed a part of the Turkish empire. The defensive alliance between Great Britain and Turkey having become annulled at the outbreak of war, the British government decided that it was necessary to appropriate the island in order that proper provision might be made for its government and for its protection. The island, since the Anglo-Turkish convention of 1878 had been occupied and administered by Great Britain, though it had remained under the suzerainty of the sultan.

Tewfik Pasha, the Turkish ambassador who was handed his passports by the foreign office yesterday, left the embassy this morning with his staff for the Charing Cross station en route to Constantinople.

Rome, Nov. 5.—In an interview Hussein Pasha, regent of Egypt, denies reports that disorders have occurred there and says that all of the population remains loyal to Great Britain, to whom Egypt owes her prosperity. Numbers of Egyptian officers have volunteered to serve in the British army.

Petrograd, Nov. 5.—A Turkish army ninety thousand strong, consisting of the ninth, tenth and eleventh army corps, is massed along the Caucasian frontier, according to the Novoe Vremya. Many villages have been occupied by the outposts of this army.

This army, the Novoe Vremya continues, would consist under normal conditions of eighty battalions of infantry, sixty batteries of artillery containing 230 guns, and forty squadrons of regular cavalry, but to it has been added fifty regiments of Kurd cavalry, amounting to 20,000 men.

Russia's sudden and energetic advance into Turkey is believed in Petrograd to have meant to disband and overawe the Kurd tribes, who are little interested in the success of Turkey's arms and are more concerned in the safety of their own villages. Among the towns occupied by the Russians is Akhty, an important junction of the highway to Upper Euphrates. It is rumored in Petrograd that General Sanders Pasha will assume command of the Turkish troops on the Caucasian frontier.

### GENERAL VON CARLOWITZ ILL

London, Nov. 5.—The Amsterdam correspondent of Reuters says a message from Berlin relates that the Saxon minister of war, General von Carlowitz, is stricken with heart disease in France, and has been sent to Nansha, where he will be cared for.

### NINTH ARMY CORPS OF ENEMY IS SENT TO EASTERN FRONT

Official Confirmation is Given That Anglo-French Army Has Advanced Along Whole of the West Flanders Battle-Front

### Germans Attempt Assault on Centre in France But Paris Reports Allied Line Has Not Drawn Back at Any Point

London, Nov. 5.—The correspondent of the Daily Mail at Rotterdam says he has received official confirmation of the advance of the allies on all the West Flanders front and he adds: "The German military bakeries have been removed south from Ostend, showing the intended retreat of the main German force."

"I have learned from reliable sources that the transfer of the ninth German army corps has been completed from Belgium and France to East Prussia and that only half of their number has been replaced by volunteers."

"The Germans are short of big gun ammunition in West Flanders and transport is impossible owing to the inundations. Interned Germans say they can fight men but not waters."

### Slight Progress East of Nieuport.

Paris, Nov. 5.—The French official announcement given out in Paris this afternoon says: "On our left wing the allied forces have made slight progress to the east of Nieuport, on the right bank of the Yser. From Dixmude to the Lys, the German attacks were renewed yesterday, but at a number of points with lessened energy, particularly with regard to the actions of their infantry."

"The Franco-British lines have at no point drawn back and our troops, undertaking the offensive, have made notable progress in several directions."

### Allies Advance Towards Andechy.

"Between the region of La Bassee and the Somme, the day was notable, particularly for an artillery contest."

"In the region of the Roze we have maintained our occupation of Lequesney-en-Santerre, and advanced perceptibly in the direction of Andechy."

"On the centre, between the Oise and the Moselle, there has been a recrudescence of the activity of the Germans, manifested particularly by their artillery fire."

"Summing up, it may be said that the attacks of the enemy at various points on our front have been repulsed, in some instances after an engagement which lasted all day."

### On our right wing there is nothing new to report."

### Marines Re-occupy Towns on Yser.

Havre, Nov. 5.—The Belgian government issues the following statement: "The Belgian advance detachments which progressed as far as Lombaertzyde toward the Yser between Saint George Capelle and Tervaele could advance with great difficulty owing to the poor roads and the inundated country. They also were harassed constantly by the infantry and machine gun fire of the enemy."

"The enemy still occupy the Saint George Capelle and the farms located on the left bank of the Yser in the neighborhood. Schoorbakke and Tervaele, Stuyvekenkerke, were re-occupied by marines."

"To the south of Dixmude the Germans made an attack last night in the direction of the Bixchoote bridge. They failed in the attempt and were forced to evacuate the village of Bixchoote to the south of Zandooft. The enemy continues to attack with the greatest violence along the front of the allies between Holtebecke and Messines. All positions have been held, and at certain points the allies have progressed, notably towards Holtebecke and Wytsehaete."

"In the region of Armentieres and to the south of the Lys the situation remains the same as heretofore."

### GREECE DETERMINED TO REMAIN NEUTRAL

London, Nov. 5.—A dispatch from Sofia to the Times says: "Bulgaria has received formal assurances that Greece is determined to maintain neutrality and has refrained from ordering a mobilization. The Serbian minister here announces that Serbia will offer Bulgaria her moral support should Turkey attack Bulgaria. No friendly advance has been received from Romania."

LATE NIGHT WAR NEWS

THE FATE OF A GERMAN COMMERCE-RAIDER: THE LAST OF THE "KAISER WILHELM DER GROSSE"

The German armed liner, "Kaiser Wilhelm der Grosse," of the Norddeutscher Lloyd line, was sunk by the British cruiser "Highflyer" off a river on the West African coast. The liner, which was a vessel of 13,550 tons, had captured and sunk several British ships.

HATRED OF BRITISH INTENSE IN GERMANY

It's a War of Annihilation Between These Countries, Declares Berlin Banker

Berlin, Oct. 23, by Courier via Rotterdam to New York.—"It is a fight between Britain and Germany to the bitter end to the last German if need be. It is a war of annihilation between these two countries and nations. Britain has no quarter to give. We shall give none. We shall never ask for mercy; we shall extend no mercy to her."

"Britain and Britain alone brought on this criminal war out of greed and envy; to crush Germany, and now it is death, destruction and annihilation for one or the other of the two nations. Tell your American people that and say that these words do not come from a fanatic, but from a quiet business man who knows what is at stake in this titanic struggle brought on by that criminal nation."

Privy Councillor Richard Wittig, head of the National Bank of Germany, one of the leading financiers in the empire, brought his fist down on the table with a bang in the Reichstag smoking room of his beautiful home facing the Tiergarten. Privy Councillor Wittig was formerly burgomaster of Posen and is one of the leading exponents in high financial circles of all parliamentary constitutional and more democratic forms of government.

"I have known him ever since I came to Germany two years ago as a keen but quiet banker of an unusually pleasant personality and with none of the brusqueness that characterizes so many of the business Germans. The intensity of feeling, bordering on frenzy, with which he spoke, was a revelation to me."

"I tell you that it is a fight to the finish," said the privy councillor, his whole body quivering with emotion. "God! How we hate the British and the English, that nation of hypocrites and criminals which has brought this misery upon us and upon the world. And what for? For greed, greed and envy, to crush the German nation because she found herself declining and felt her dominance and decadence in the world endangered."

"Do you think that if Britain and France had gone to war we would have taken the mean advantage to attack and crush France? Did Germany attack Russia and humiliate that country, as well, she might have done. During the Japanese war? No, Germany was too honorable. Only Britain, the self-constituted champion of freedom, perfidious Albion, stoops to such things and has the effrontery to pose as defender of human rights; Britain, that country which oppresses more people to-day than any other nation on earth."

"Tell America not to be misled by peace talk. There is not going to be any peace, not for a long time. It will be a long war. We are prepared for three years. In the end it will develop into a struggle between Britain and Germany. The British are determined to destroy our fatherland. We have accepted the challenge. No government would survive in Germany that attempted to make peace upon terms dictated by Britain. Whether the war lasts one year or 25 years, it is to the bitter end, and if it takes the last German."

"We have no illusions. We know the British character, but they do not seem to know ours and the spirit of our people. Have they forgotten Frederick the Great and the spirit of Germany just 100 years ago? It is the same Germany to-day. The same spirit in the

fatherland now. Britain is trying to turn the whole world against us. They may kill us, but they will never conquer Germany. No nation in history ever was attacked by so many powers as Germany at the present time, yet there is not the foot of a single enemy upon our soil at this time. "Fearing that all the countries in Europe which it has been able to arouse against us will not be able to conquer Germany, Britain has called on the yellow hordes of Japan and India, and France has called upon the blacks of Africa. Britain thereby has placed herself beyond the pale of the white man's law."

"Britain believes that it can starve Germany into submission if the war should last long enough," I remarked. "Never," declared the privy councillor. "We are making all our preparations for three years. Something like 200 factories for turning potatoes into flour for bread, are being established. There is plenty of meat. We had an excellent crop and it has all been harvested and put away. You know yourself that there has not been a rise in prices on anything. If they figure on disabusement, they will be doomed to another disappointment."

"And how about the industrial and financial situation?" "Yes, I know it was predicted that Germany would collapse financially within a few weeks after the war began. The best answer to that is the taking up of more than a billion dollars of the new war loan. That is an answer of achievement and something that any nation on earth might well be proud of. The other answer is that of all the countries at war Germany is the only one which has not declared a moratorium. What need of saying more?"

"The war has brought one blessing to Germany. It has removed all differences between high and low. There are no high, no low any more, but one great people. Sorrow has brought us together. We have sinned much against our own people. We have chided, scolded and found fault with them. We should ask our people's forgiveness. We should thank God that we have such a people, such a wonderful people, such mothers willing to give their last son for the fatherland."

"We need no placards and signs to tell our sons their duty to the fatherland. We need no page advertisements in the newspapers nor campaign speakers touring the country to arouse patriotism and sense of duty to their country. Our people know their duty and fulfil it with enthusiasm. More than two million volunteers had to be turned away for the time being. As head of the Red Cross, I go through many hospitals and see many wounded. It is impossible to describe to you their eagerness to get well and return to the front."

"I went through the war of 1870 as a 12-year-old boy. I have one son fighting against France, the other against Russia, and my son-in-law is in the navy. If they would only take me, I would go again as private soldier, and if the worst comes, I will go."

"I asked the privy councillor if there could be any justification for attacking London with Zeppelins. "They call us 'mad dogs' against whom any weapons are justifiable," he said. "They are criminals. Against them the use of Zeppelins needs no justification. The sinking of the three cruisers by a single German submarine is not the only surprise that the British will get. Mark what I tell you. London will be attacked."

"As I arose to go the privy councillor said: "It is a long, long war and will be fought to the bitter end. We still have about three million men to put into the field, and we are confident of winning out. If we go down, the world will long remember it."

BULGARIA WILL RESIST INVASION BY TURKEY

London, Nov. 4.—A dispatch from Bucharest says that while Bulgaria will resist with armed force any attempt of the Turks or the allies to cross her territory, she will remain neutral in the conflict between Russia and Turkey. The same dispatch says that 250,000 Turks are mobilizing at Thessalonika, twenty-five miles from Constantinople, at the point where they made their final stand against the Bulgarians in the first Balkan war.

Peevishness may be considered the canker of life that destroys the vigor and checks the improvement; that creeps on with hourly deprivations, and taints and vitiates what it cannot consume.—Dr. Johnson. The words we speak and the things we do to-day may seem to be just, but in the great final revealing the smallest of them will appear.—Lowell.

ADMIRALTY DOUBTFUL ON MONMOUTH REPORT

Will Not Accept Facts as Accurate; No Account Given of Canopus

London, Nov. 5.—The admiralty has issued a statement in which it says it has received from German sources details of a naval engagement off the Chilean coast, in which the British cruiser Monmouth was sunk and the cruiser Good Hope severely damaged. The statement says the admiralty has no confirmation of the report.

The statement issued is through the official press bureau in the name of the secretary of the admiralty, and says: "Rumors and reports have been received at the admiralty from various sources of a naval battle having occurred off the coast of Chile. The admiralty has no official confirmation of this, and such accounts as they have received are admittedly of German evidence."

"It is reported that the Dresden, Scharnhorst, Gneisenau, Leipzig and Niernberg concentrated near Valparaiso and that an engagement was fought with a portion of Rear-Admiral Sir Christopher Cradock's squadron on Sunday last. "The German report asserts that the Monmouth was sunk, and the Good Hope very seriously damaged. The Glasgow and the auxiliary cruiser Otranto escaped."

"The admiralty cannot accept these reports as accurate at present, for the battleship Canopus, especially, was sent to strengthen Rear-Admiral Cradock's squadron, and would have given him a decided superiority not mentioned in them. Further, although five German ships concentrated in Chilean waters only three entered Valparaiso harbor. It is possible, therefore, that when the account of the action is received it may considerably modify the German version. Effective measures have been taken to deal with the situation in any event."

London, Nov. 5.—The Times to-day, under date of Valparaiso, prints the report of Admiral von Spee regarding the fight between British and German cruisers off the Chilean coast Sunday night, which report, the dispatch says, was made to the Chilean authorities. The Times dispatch says it is believed all the Monmouth's men were lost.

VON KLUCK REPORTED TO HAVE DIED IN HOSPITAL

No Authority for Statement Given; Correspondent Says It is Kept Secret

Paris, Nov. 5.—The correspondent of the Economist at Havre says he has from a source which he cannot designate, news of the death of General von Kluck ten days ago in a hospital at Namur, where he was treated for a wound in the head. The news of the death, the correspondent says, has been carefully concealed in Belgium and Germany.

General von Kluck, who led the dash of the German right wing, which got to within a few miles of Paris in the first month of the fighting, has been reported within the last few days in official communications as directing his army in the fighting on the river Aisne. When the scene of severe fighting shifted to Belgium and the German right wing was extended into that territory, General von Kluck, following his retreat from the vicinity of Paris, remained in the position he had taken on the Aisne.

GERMANS AT DIXMUDE WERE CAUGHT IN TRAP

Amsterdam, Nov. 4.—The German troops who held Dixmude for a brief period last week, had an unpleasant experience. They entered the town, singing, as is their custom. The allies previously had mounted machine guns in the garrets of some of the houses and left sufficient men to work them. The Germans were preparing to stay in the town all night, when suddenly the allies opened fire from the houses. The garrison fled in panic, leaving 1,000 killed.

When the Liver Gets Torpid

There is Nothing Like Dr. Chase's Kidney-Liver Pills to Set It Right. Mrs. C. L. Cook, 248 Tenth street, Brandon, Man., writes: "I have used Dr. Chase's Kidney-Liver Pills for the last four years for liver trouble, and can say that I have had great satisfaction and help from them. I find that I do not need any doctor if I use them when the liver gets torpid, and believe that they are exactly suited for my case. My husband has used them for kidney trouble with good results, and my daughter in Winnipeg has been helped a great deal by the use of these pills. We say we can't keep house without them, and have cheated the doctors here out of a good many visits. I think Dr. Chase's medicines are just the thing, and have recommended them to many people who have used them with good results."

By keeping the liver active and the bowels regular, Dr. Chase's Kidney-Liver Pills prevent and cure such disorders as biliousness, constipation, chronic indigestion, sac headache. One pill a dose, 25c a box, 5 for \$1.00; all dealers, or Edmondson Bates & Co., Limited, Toronto.

LAST CASUALTY LIST HAS NOTABLE NAMES

Descendant of Duke of Wellington Dies Fighting Germans in France.

London, Nov. 4.—A casualty list which was issued to-night, under date of October 30, contains the names of 20 officers killed and 45 wounded. Those who met death at the front include Captain Lord Richard Wellesley, second son of the fourth Duke of Wellington, of the Grenadier Guards; Lieutenant Colonel L. I. Wood, of the Border Regiment; Second Lieutenant the Hon. R. G. Winn, of the Coldstream Guards, eldest son and heir of the second Baron St. Oswald.

Among the wounded are Lieutenant Colonel Maxwell Earle, of the Grenadier Guards, a member of the general staff of the War Office; Lieutenant Colonel F. W. B. Gray, of the 57th Wales Rifles; Captain the Hon. C. M. B. Ponsonby, of the Grenadier Guards, second son of the eighth Earl of Desborough; Lieutenant Colonel L. I. Wood, of the Border Regiment; Second Lieutenant the Hon. R. G. Winn, of the Coldstream Guards, eldest son and heir of the second Baron St. Oswald.

A soldier is forbidden to institute or take part in any meetings, demonstrations or processions for party or political purposes in barracks quarters, camp, or their vicinity, and under no circumstances whatever is he allowed to attend such meetings wherever held, in uniform.

CORPORATION OF THE DISTRICT OF OAK BAY

MUNICIPAL ELECTIONS The Voters' List for the forthcoming Municipal Elections is now being prepared.

Householders, Licenseholders, etc., who are desirous of having their names placed upon the list must make Statutory Declaration and file same with the Clerk of the Corporation on or before the 1st December, 1914. Declaration forms may be obtained at the Municipal Hall. F. W. CLAYTON, C. M. C. Oak Bay, B. C., October 21, 1914.

TENDERS FOR SAANICH DAIRY.

TENDERS will be received by the undersigned, up to noon on Thursday, the 5th day of November next, for the sale of the "Saanich Dairy," situated at Oak Bay Junction, Victoria, as a going concern (under the Power of Sale contained in a Mortgage), including the lease, good-will, goods, chattels, horses, wares and other effects used in or about the same, a list of which can be seen at my office, and inspected on the premises. The highest or any tender not necessarily accepted. Dated this 29th day of October, A. D. 1914. J. P. WALLS, 516 Bastion Square, Victoria, B. C., Solicitor for the "Mortgagees."

**ARE YOU Baking Bread?**

Housewives who haven't baked a loaf of bread for years are making their own bread now, and many who never knew how to bake bread are learning. Because home-made bread costs less than baker's bread. Because home-made bread is appetizing, for even if it is not better than baker's bread, it is a change. **ROYAL STANDARD FLOUR** is the best for the home baker to use, because she can depend upon it. Some flours are changeable. One baking will be entirely different from another. Not so with **ROYAL STANDARD**, it is uniform—it gives the same results, with the same treatment, week in and week out.

**ROYAL STANDARD** is made in Vancouver and supports a payroll of \$100,000 per annum. When you use **ROYAL STANDARD FLOUR** you keep your money in British Columbia, and just now that is the most patriotic service a citizen can render to this province.

Ask your grocer for **ROYAL STANDARD FLOUR**.

**GERMAN MINES SANK THEIR OWN CRUISER**

**Koenigsberg Put Out of Action by British in Indian Ocean; York Sunk**

London, Nov. 5.—The German cruiser York has struck a mine in Jade Bay and sunk. The information regarding the loss of the York reached London in an Amsterdam dispatch to the Reuter's Telegraph Company. It stated that an official dispatch from Berlin said: "The York, on the forenoon of Nov. 4, struck a mine chain blocking the entrance to Jade Bay and sank." Late reports declare that 232 men, more than half of the crew, had already been saved, but that the rescue work was hampered by a thick fog. The York was an armoured cruiser, 400 feet long, and had a complement of 577 men. She was built in 1904 and displaced 9,250 tons. She carried four 8.2 inch and ten 5.9 inch guns. Jade Bay, where the vessel sank, is an inlet of the North Sea on the German coast, west of the mouth of the river Weser. Wilhelmshaven naval station is on the west side of the bay.

The Times prints a report to-day that the German cruiser Koenigsberg has been put out of action in the Indian Ocean. The Koenigsberg is a protected cruiser and was laid down in 1906. She is of 3,348 tons, is 354 feet long, and has a speed of twenty-three and one-half knots an hour. Her main battery consists of ten 4.1 inch guns. So far as is known, the sole success of the Koenigsberg during the war was the sinking of the Ellerman liner city of Manchester off Socotra, near the entrance to the Gulf of Aden, on August 6, and the sinking of the Pegasus at Zanzibar harbor in September. The Pegasus at the time, according to the official Admiralty report, was caught at a disadvantage, as she was undergoing repairs. That four German dreadnaughts and four German cruisers took part in yesterday's engagement off the east coast of England is confirmed by the crew of the steam trawler Carrigill. According to the skipper of the trawler, the German ships appeared through the mist about sixteen miles east-northeast of Lowestoft at seven o'clock in the morning. The firing at the British cruiser Hateros lasted fifteen minutes. The skipper also says that two British submarines, in addition to the D-5, which was sunk by striking a mine, pursued the Germans. The Admiralty announces that one silver and twenty men were lost in the sinking of the British submarine D-5 by a German mine in the North Sea yesterday.

**CONTINENTAL WAR HAS TESTED ALL THEORIES**

**Modern Artillery is Proved Superior to Present Day Fortifications**

London, Nov. 5.—The unprecedented war on the continent has tried and severely tested the theories elaborated by strategists during the long years of "peace," which, in the light of a European conflagration, are seen to have been but the preliminary phase of war. It has proved true the theory almost clamorously upheld by Prussian strategists, that modern fortifications must speedily fall before modern artillery. It has, however, proved to be erroneous the theory that modern armies would be equally successful against armies entrenched in the field. On this capacity of entrenched troops to withstand shell fire those who expected Antwerp to withstand a long siege based their hopes. These hopes were falsified.

On October 9 the Liverpool of Belgium fell after such a bombardment as no other fortress ever received. The defenders retired only when it was certain that Antwerp could be held no longer, and although all must regret the destruction of the beautiful Belgian city, that destruction was not so widespread as at first seemed probable.

The places most seriously damaged are the harbor works, the Palace of Justice, and Antwerp station, together with several churches and many houses, but one report states that apart from these places not one hundredth part of the city has been rendered uninhabitable. Immediately on entering Antwerp, the German commander, General von Beseler issued a proclamation stating that the German army entered Antwerp as victors, but no harm would be done to citizens and property would be spared if they avoided hostile action. Any insubordination, however, would be punished by court-martial and might result in the destruction of their beautiful city, a threat doubtless caused by a fear as to the form the "moral effect" produced on the Belgians by the loss of their great seaport, might take. It must be admitted that in entering on this war the German authorities left no point unconsidered, but there is no doubt they overestimated the moral effect of severity in producing compliance with their wishes. Louvain and Malines did not weaken the arms of the Belgians in defending their last great stronghold, and if they are now almost without a country to defend, their resolution remains unshaken.

**TSING TAU BOMBARDMENT CONTINUING VIGOROUSLY**

Tokyo, Nov. 5.—It is officially announced that the bombardment of Tsing Tau continues vigorously. The Germans on the night of November 3 made a counter attack which for a time hindered operations. The attacking forces, according to the statement, are gradually closing in. Shells are falling in the streets and the power house has been destroyed. November four, the Japanese right captured some small forts and an officer and twenty soldiers. Shells struck and burned the Bismarck barracks.

**CHEERS OF SOLDIERS FOR KING AND PARTY**

**His Majesty Says Appearance of Canadian Troops is Highly Creditable**

London, Nov. 5.—Very dull weather greeted their Majesties King George and Queen Mary when they journeyed from London to Salisbury Plain yesterday to visit the Canadian camp. Among those accompanying them were Lord Kitchener, Lord Roberts, the Hon. G. H. Perley, Sir Richard McBride, premier of British Columbia, and several of the war office staff. The royal visitors first went to Burtard camp, where the divisional headquarters are situated. The king and queen shook hands with the members of the staff as they were presented. They then motored to Pond Farm, accompanied by General Alderson and the Canadian staff. All along the route troops with bayonets fixed cheered the royal party lustily. At the king's express direction the journey was made at slow speed. The king saluted every few yards along the route. In his majesty's car with Lord Roberts, then followed Lord Kitchener, and the third car was occupied by the acting high commissioner and Sir Richard McBride. Their majesties spent about two hours in camp and afterwards proceeded by train to London.

The king expressed pleasure at having the opportunity to welcome to the motherland this body of soldiers. "These prompt replies to the empire's call," said King George, "is of inestimable value both to the fighting strength of my army and in the evidence it gives of the solidarity of the empire. The excellent appearance and the physical standard of the different units are highly creditable, and I am glad to hear of the serious and earnest spirit which pervades all ranks."

Ottawa, Nov. 5.—The government yesterday received the following message from Hon. G. H. Perley, acting Canadian high commissioner in London:

"The king today inspected and reviewed the Canadian expeditionary force on Salisbury Plain. Her majesty was also present, and Lord Roberts and Lord Kitchener. All were much impressed, and expressed themselves as greatly pleased with the appearance, physique and spirit of our men. Sir Richard McBride and I were also present by request. The weather was very fine, and the whole scene was most inspiring."

**ROCKEFELLER PLEADS ON NEW HAVEN INDICTMENT**

New York, Nov. 5.—William Rockefeller, Standard Oil multi-millionaire, appeared to-day in the criminal branch of the United States district court and pleaded a plea of not guilty to the indictment charging him with conspiracy in connection with his acts as a former director of the New Haven railroad system. He was placed under \$500 bond to insure his appearance for trial. Mr. Rockefeller appeared feeble as he walked unsteadily from his automobile into the building and to the elevator. In a husky whisper, audible hardly ten feet away, Mr. Rockefeller said: "Not guilty" after the clerk had asked how he desired to plead. John A. Garvey, Mr. Rockefeller's attorney, asked the court for the customary period of grace in which the plea might be withdrawn or changed, a formal request that has been made in one case of each of the fifteen other former directors and directors of the New Haven who were indicted last Monday. Judge Foster replied that Mr. Rockefeller would be given until November 23, the date that has been fixed for the trial of the other members of the twenty-one men indicted. Mr. Rockefeller was the seventeenth to plead. For the first time in the memory of New York newspaper photographers, Mr. Rockefeller consented to pose for a photograph.

**SIX MEN KILLED IN LODGING HOUSE FIRE**

New York, Nov. 5.—Six men were burned to death in a fire which swept through a four-story lodging house in Eighth avenue this morning. Fifty men were sleeping in the structure, and ten others were rescued. Firemen made many thrilling rescues.

**How Thin People Can Put on Flesh**

**A New Discovery.**

Thin men and women—thin, big, hearty, fitting dinner you ate last night. What because of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food does not work and eat with every plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin people. They eat the best food and carry out the best food, but they are still thin. Sargol charges your weak, stagnant blood with millions of fresh new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and they sell everywhere. Buy from your food and other druggists in Victoria and vicinity. Sell them subject to an absolute guarantee of weight increase or money back.

**MONTREAL PATRIOTIC FUND IS \$1,558,413.40**

Several Amounts Sent Including \$170 From Jacksonville Daughters of Empire.

Ottawa, Nov. 4.—The following contributions were received to-day by the Canadian patriotic fund:

Wyatt Bros., McBride, B. C., \$50; the Canadian and English members of Queen Mary's Chapter, Daughters of the Empire, Jacksonville, Florida, \$170; collected by English-Canadian reservists on board ship returning to England for service, \$150; Canadian government railway system, employees of the Canadian government, one day's pay, \$20,480; officers and crew of the hydrographic survey steamer Cartier, stationed at Quebec, \$60.25; Law Union & Rock Insurance Co., Limited, of London, Eng. (Canadian branch), \$1,000. Total to date, \$653,791.76.

Montreal Campaign.

Montreal, Nov. 4.—It was announced to-day at the final meeting of the Montreal patriotic fund's whirlwind campaign that the contributions totalled \$1,558,413.40, of which cash in hand amounted to over \$682,000.

The gross income of the kingdom for income tax purposes in 1903-4 was \$902,788,885, and for 1913-14 approximately \$1,150,000,000.

**Good, Solid Comfort**

In an open fire, an easy chair and the day's paper. But without the right kind of fire the others of no avail, and such a fire is not obtainable without the right kind of coal. It will be that kind if you order it from here, and experience will prove it.

**J. E. PAINTER & SON**  
Phone 536. 617 Cormorant Street

**F. AUGUSTUS HEINZ DIES SUDDENLY AT SARATOGA**

Saratoga, N. Y., Nov. 4.—F. Augustus Heinz, owner of immense copper interests in the West, died suddenly here to-night.

Mr. Heinz, whose legal residence was Saratoga, came here yesterday from New York to vote. He became ill suddenly yesterday afternoon. His condition grew steadily worse, and he expired this evening.

Mr. Heinz, who was forty-two years of age, had been ill since last June. He was at one time owner of the railway between Rossland and Trail, now part of the Canadian Pacific system. He also built the smelter at Trail, and at the time of his death still held part of the Columbia & Western Railway land grant.

**DUCHESS OF ALBANY PAYS' HOSPITAL VISIT**

London, Nov. 5.—The Duchess of Albany paid a surprise visit to Queens Canadian Military Hospital at Shorncliffe yesterday. The report that this hospital has received sick cases from the Canadian camp at Salisbury is without foundation as such few cases of sickness as there have been in the Canadian camp received treatment on the spot.

THE WAR.

Notwithstanding the importance of the struggle in France and Belgium it is possible for the outside observer to keep his eye off the situation on the eastern front at this juncture.

There are no signs of a Moslem revolt in Egypt, India or Persia, and the Russians already have moved through the Caucasus into Turkish territory, occupying a dozen or more towns.

Equally important is the retreat of the Germans into East Prussia. There the Russians have made notable progress, occupying Lyck and Biala.

mude line, from which the Germans are rapidly retiring. Indications point to their further retirement from Bruges, with the probability that they will fall back upon the line of the Lys from Ghent to Courtrai.

Germany's indiscriminate sowing of mines has reacted upon her in the loss of the cruiser York, a ship of 9,500 tons, which went down in home waters off the German coast.

There are no signs of a Moslem revolt in Egypt, India or Persia, and the Russians already have moved through the Caucasus into Turkish territory, occupying a dozen or more towns.

Equally important is the retreat of the Germans into East Prussia. There the Russians have made notable progress, occupying Lyck and Biala.

In the west the allies are making progress north of the Nieuport-Dix-

politicians and newspapers. President Wilson retains his profound influence upon the people of the great republic.

MR. J. S. C. FRASER

The report of the sudden death while in the prime of life of Mr. J. S. C. Fraser, manager of the branch of the Bank of Montreal in this city, profoundly shocked his many friends.

THAT MYSTERIOUS FIGHT.

Mystery, impenetrable so far, envelops the alleged naval engagement off the Chilean coast, and there is ample basis for the suspicion that Admiral von Snee has established an incontrovertible claim to wear the mantle of Ananias.

Later advice to-day credit a dispatch from Santiago with the intimation that the Glasgow and transport Otranto are not bottled up in any Chilean port.

WAR AND GOLF.

Great Britain is at war, the greatest war of all the ages, against an enemy which defies all recognized rules of "civilized warfare" and proceeds upon the dread business, like a wild beast, "with tooth and claw."

Speaking in defence of the action of the Germans in destroying Louvain, an officer of the Kaiser's army is quoted as having said to an American in Berlin: "The United States troops would do exactly the same thing to-morrow under similar circumstances."

Two years hence the outlook may be different. Notwithstanding the results of the Congressional contests and the cocksureness shown by Republican

DAVID SPENCER, LIMITED

Two of This Season's Best Offerings in Coats for Men and Women

Into these two prices we have grouped all our Ladies' Winter Novelty Coats that have been on sale throughout the season, marked from \$20.00 to \$45.00, for a big clearance on Friday.

An Extraordinary Sale of Men's Overcoats—Friday

This is an extraordinary offer, surely, for so early in the season, and one that will be welcomed by every man who has a winter coat to buy.

A Big Clean-Up of Ladies' Sweaters and All-Wool Vests, Friday at \$1.00

Some of the greatest bargains ever offered in Ladies' Sweaters and Sweater Vests will be offered for sale on Friday.

Our Special All-Wool Shaker Knit Sweaters to Sell Friday at \$2.90

Just to make up one big day in the Sweater department, and to give this particular style a wider advertisement, we shall offer for Friday only our regular Shaker Knit Sweater, with shawl collar, that's always sold at \$3.75 for \$2.90.

Two Specials in D and A Corsets

Here are two extra special offerings in Ladies' Corsets to go on sale Friday. Both of these offerings should interest the women folk because the styles, as well as the quality, are just what's needed at inexpensive prices.

Ladies' \$1 Kid Gloves

A nice quality Glaec Kid Glove in colors tan and brown; two-clasp. Regularly sold at \$1.00. Friday, a pair, only 50c

Eight Dozen Slightly Imperfect Heavy Tweed Working Shirts to Clear Friday at 50c

The manufacturers made a most unusual mistake. They forwarded to us the wrong bundle of shirts. It appears that at the factory about 8 dozen shirts were picked out as being imperfect goods and should have been forwarded to some other source.

A Big Clearance of Men's Caps

The man who can do with a new Cap has his chance on Friday to buy one at half price. We have grouped a large assortment of caps in motor and golf styles, taken from our regular stocks of 50c value, into this one offering for a quick clearance.

A Clean-Up of Sample and Slightly Soiled Music

Music that's been handled at the counter and got slightly soiled, together with a lot of Sample Copies, which we cannot sell as perfect or new goods, will be cleared out on Friday at a ridiculously low price.

**Overseas Mail—Yesterday afternoon a mail from the British Isles, consisting of 28 bags of letters and papers, arrived at the Victoria post office, having crossed the Atlantic to New York by the R. M. S. Lusitania.**

**Mill to Re-open—The Genoa Bay Lumber Mill, on the shores of the bay just inside the northern shore of Cowichan harbor, has resumed operations, in order to fill some large foreign orders which have been received.**

**Concert a Success—The concert given by Professor and Mrs. Hinton last Friday evening in Grace English Lutheran church was a decided success. Several encores were called for by the many who attended, the offerings being warmly received. A standing vote of thanks was accorded the performers.**

**Egg-laying Contest—Owing to there being some delay in the arrival of the foreign pens of birds entered for the egg-laying contest at the Panama-Pacific fair there has been a postponement of the commencement of the contest. Poultrymen who desire to enter pens for the contest can yet do so by having their applications in before December 1.**

**Fined for Fighting—A Chilean and a Frenchman had a quarrel yesterday, and fought together on Government street until the police arrived, when they were taken to the station in the police patrol. The ride cost them a dollar apiece, which with two dollars more as fine they disbursed unwillingly into the coffers of the city in the police court this morning. Neither of the men denied the offence, the fact taking each to himself— the blame of having been the cause of the disturbance. The cause of the quarrel was not disclosed.**

**Western Livestock Convention—The next convention of the Western Livestock Union will be held in this city next fall. This organization covers all the territory between the great lakes and the Pacific, its object being to advance in every way the interests of the breeders of livestock and of the industry. One of the matters accomplished by the union recently is that of securing a reduction of fifty per cent. from the railways on the carriage of feed shipped from one district to another and consigned to farmers for feeding purposes. Dr. J. G. Rutherford, Calgary, was elected president of the union for the next year, and Dr. S. J. Towner, Victoria, vice-president for this province.**

**Still Opposed—At the meeting of the city council yesterday afternoon, when the final reading of the amendment to the revenue by-law came up, Alderman Okell renewed his objection to the extension of the period of rebate on taxes. The formal vote adopting it had been passed when he arrived, and the aldermen refused to allow the matter to be reconsidered in order that he might be recorded against the measure. He said that since the meeting on Monday he had become more convinced than ever that the proposal was a mistake, and he regretted that it had been adopted. Alderman Bell also dissented from the motion on grounds, he had already explained. However, the clerk had entered the minutes that the council had passed the amendment, which will enable ratepayers to secure the rebate of one-sixth on their civic taxes up to Nov. 30.**

**Note Must Be Paid—Judge Lampman handed down judgment yesterday afternoon for the plaintiff company in Bunaglow Construction company v. Ray Anderson. His honor had reserved judgment the previous afternoon, after hearing the case, to consultation authorities on the point of the necessity of presentation of the promissory note in dispute. There is a sharp conflict of authorities on the point, but in the case before him took on the evidence it was unnecessary for him to say which side he would lean to. The note was payable at the office of the company but was kept in the Bank of Nova Scotia. The day it was due Anderson told the company's book-keeper, in the bank manager's office, that he would pay the interest but could not pay the note. The book-keeper refused this and left without the note. His honor holds that in the circumstances presentation at the office where payable was excused.**

**Septia's last word in one photograph. Just the thing for Xmas presents. The Skene Lowe Studio, 654 Yates street, corner Douglas.**

**TWENTY-FIVE YEARS AGO TO-DAY**

A special train composed of the private car, Maude, and two passenger coaches in charge of Conductor Coburn left the Esquimalt and Nanaimo depot at 2 o'clock this morning for Nanaimo with His Excellency Lord Stanley and suite on board. The cars were profusely and handsomely decorated and undoubtedly formed the finest looking train that ever left the depot. They will return this evening, and to-morrow proceed to New Westminster.

Mr. Alex. Begg, the crofter immigration commissioner, arrived from Toronto last night. Mr. Begg says his scheme is being forwarded as rapidly as possible. At present the British government is awaiting the report of a committee of the House, and as Mr. Begg has reason to believe that the report will be favorable, the prospects for a large immigration of crofters is good.

Constance Cove, Esquimalt, has been set aside for the exclusive use of vessels of H. M. S. Navy, a message from Ottawa states.

**A WOMAN'S WAY!**

Somehow a woman seems to get more for her money than a man. She seems to have a better appreciation of the intrinsic value of a dollar.

She knows "just the things that look best" and "wear best" and where they are sold at lowest prices.

Women are readers of advertising because they find that it pays. They keep posted because they turn the knowledge to the advantage of their own pocketbooks.

Experience has taught them that it pays to deal with men who advertise.

**HOPE FOR EARLY START**

Prospects Bright for Commencing Saanich Paving Contract Within Two Weeks.

The first work to be done under the Saanich paving contract will probably be the Gorge road. This was decided yesterday by W. D. Warren, of the Warren Construction Company, and the municipal officials. Mr. Warren had been waiting for the council to authorize the reeve to sign the agreement with the company, and this authority was given by the council at its meeting on Tuesday.

At that meeting the council approved the award of a contract to Jones & Rant, Ltd., for the grading at the cost of about \$5,300, and made it subject to the proceedings now threatened in the supreme court by E. H. Cotterell. Unless those proceedings are taken before November 20, the matter automatically lapses. If by that date there are no legal complications, the intention of the council is to proceed with the section from the city boundary at Harrison road to Craigflower bridge. This is one of the smaller contracts under the agreement with the municipal council, and the company anticipates financing the undertaking itself. Including the amount mentioned above, the cost of the work will be about \$20,000.

The weather, of course, is bad for paving work, but the road chosen does not offer the same difficulties as some of the trunk roads in the municipality. There is a great deal of traffic over this section, westbound vehicles and the motor stages to the settlements west of the city, using the highway.

If the work is started in two weeks' time, it will give employment for a number of unskilled workers. The agreement limits the contractors to the engagement of Saanich residents.

**THE BEST SAVINGS BANK.**

If you deposited \$697 in a Savings Bank receiving 3 per cent. interest yearly, and withdrew the principal in the course of 10 or 20 years, or longer, you would draw out \$697, being the same amount you deposited.

Mr. Ingram has a ten-payment paid-up policy in The Mutual Life of Canada, for which he paid in premiums \$697. On this investment of \$697, Mr. Ingram has received every year over 3 per cent. in yearly cash dividends since the year 1883, and instead of being able to withdraw only \$697, as would be the case in a Savings Bank, he can now actually draw \$1439 in cash. That is to say The Mutual Life of Canada have paid Mr. Ingram over \$742 per cent. annually in interest on the money deposited with them, and at the same time have more than doubled his principal money. Moreover, if he had died at any time, the company would have paid his estate \$2,000. One might naturally ask how The Mutual Life of Canada can do so much better than a Savings Bank. The answer is very simple. The Savings Bank, after paying you 3 per cent. have still a margin of 3 per cent. or 1 per cent. left which is earned for themselves on the money deposited, but in the case of The Mutual Life of Canada, the full amount of interest earned is paid to the policyholders, who alone own every thing, control everything, and receive everything in the way of interest and profits. Particulars of the above policy can be seen at our office, 318 Government street, R. L. Drury, Manager; Fred. M. McGreor and T. E. Marriner, Special Agents.

**HALLOWEEN FRANKS**

Halloween franks landed two youths, Walter James and L. Ramsay, in the city police court this morning, where they were each compelled to pay a ten dollar fine for breaking the fence surrounding the property of Mrs. Annie Hill, at 1223 Dominion road. The regrettable part of the occurrence, as City Prosecutor Harrison pointed out, was the fact that the owner of the fence was a widow, who was not in a position to sustain losses of this character. The evidence of Mrs. Hill disclosed that the youths had pulled down the whole fence, boards and planks, and had left them stretched across the sidewalk to the detriment of passers-by. She recognized the accused as the offenders. The two young men made no effort to disguise their guilt in the affair, and Magistrate Jay ordered that \$10 out of the fines be used to replace the fence which had been broken down.

**HALLOWEEN FRANKS**

**TO VISIT SUGGESTED SITE**

Land Offered for New Cemetery at Langford is to be Inspected by Aldermen To-morrow.

Considerable debate took place yesterday afternoon at the city council meeting on the cemetery question. A motion was submitted that the aldermen visit a site at Langford, adjacent to Colwood station on the Esquimalt & Nanaimo railway, to-morrow morning.

Alderman Dilworth strongly supported the proposal, stating that even though the site was some distance from the city, the offer of land at \$425 an acre was a consideration when the prices demanded on the Saanich peninsula were considered.

Several of the aldermen were greatly opposed to going so far from the city limits and the mayor and Alderman McNeill indicated that they

**The new treatment for tender skins**

Many people with tender skins have been misled by the superstition that washing the face with soap and water is bad for the complexion.

"Dr. Pusey in his book on the care of the skin says: 'The layer of dirt and fat that such persons accumulate on the skin is a poor substitute for a clean, clear skin and is a constant invitation to various disorders.'"

The following treatment with Woodbury's Facial Soap is just what a tender skin needs to keep it attractive and resistant.

**See what a difference it will make in your skin**

Just before retiring, dip a soft washcloth in warm water and hold it to the face. Do this several times. Then make a light warm water lather of Woodbury's and dip your cloth up and down in it till your cloth is "stuffy" with soft, white lather. Rub this lathered cloth gently over your skin until the pores are opened and thoroughly cleaned. Rinse the face lightly with clear, cool water and dry carefully.

Use this treatment persistently, for ten days and your skin will show a marked improvement—a promise of that loveliness which the steady use of Woodbury's brings to a tender, sensitive skin.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this Facial Soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

**Woodbury's Facial Soap**

731-3 Pandora Avenue. Note the Address. Just Above Douglas

would vote against the proposal when the time came to decide upon the matter.

Alderman Porter said he knew the property that was offered quite well, and for his part was fully satisfied with some of the sites suggested on the Saanich peninsula. Alderman Okell believed that if the council would wait for a few months the prices would be reduced considerably from those quoted. Alderman Bell hoped the council would proceed cautiously in the matter. He did not like the proposal to pay in debentures for the cemetery.

From information that he had, Alderman McNeill felt confident that they

some of the land could be purchased on deferred payments, and that ultimately the owners would quote lower figures than those for which they now stood out.

If the motion that the aldermen visit the Colwood site was then agreed upon, and the cars will leave the city hall to-morrow morning.

Kettle Valley Railway.—J. J. Warren, Toronto, president of the Kettle Valley Railway company, spent yesterday in the city, being here on business connected with the construction of the line to a junction with the C. P. R. on the Fraser river at Hope by government aid.

volunteer force and expects to go to the front with the next Canadian expeditionary army.

Last evening, at the residence of Constable Munro, 633 Vancouver street, a pretty wedding was solemnized by Rev. Dr. Campbell, chaplain of the forces, when Mary Annie, daughter of Mr. and Mrs. N. MacLean, of Inverness-shire, Scotland, and Donald MacLeod were joined in wedlock. The ceremony was witnessed by many friends of the bride and bridegroom. The former entered the drawing-room leaning on the arm of her cousin, N. P. MacDonald, bandmaster of the 50th Regiment Gordon Highlanders (who wore the full regimental uniform), and looked very charming in white embroidered voile with a bridal veil of soft tulle. Her bridesmaid, Miss Mary Stewart, was also very prettily attired, and the bridegroom was supported by his brother, Angus MacLeod. Immediately after the ceremony a dainty wedding breakfast was served in the dining hall, where the bridal pair were called upon to respond to a number of toasts, accompanied by the heartiest of good wishes. On their return from their honeymoon trip to Vancouver and the Sound cities Mr. and Mrs. MacLeod will make their home in Victoria.

**AT THE THEATRES**

**"NEVER SAY DIE"**

Wm. H. Post, one of the few American authors to captivate London, is the "man behind the pen" in "Never Say Die," which will be seen at the Royal Victoria theatre this evening.

"Never Say Die" served during the past season as the starring vehicle for Nat. Goodwin, America's finest comedian, who has always been one of the biggest box office stars of this continent. Long since stamped as one of the greatest depicitors of real comedy, he is said to be at his very best in this breezy, laughing success. He is supported by an excellent company, of which Margaret Moreland, noted for her beauty and finished art, is a member.

**KNOWLES' LECTURES TO BOYS**

Manager Rice has invited all schoolboys and boy scouts to attend Pantages theatre Saturday morning at half past ten, when Joseph Knowles, the headliner in this week's programme, will give a talk on woodcraft.

Mr. Knowles—the man who spent thirty days in the woods to prove that prehistoric man was no more able to care for himself without the aid of civilization than is the man of to-day. Mr. Knowles is always ready to spread abroad the tricks of woodcraft that he knows and many scores of soldiers have availed themselves of his invitation at every performance to come up on the stage and learn how to make a fire without matches. The knowledge which Mr. Knowles will impart to the schoolboys on Saturday morning will be worth their while.

The boys should not content themselves with this, however, but should see his regular act in the programme when moving pictures of his recent visit to the wilds will be shown.

The five jugglers included in the bill with Knowles do some whirlwind club throwing that will please the boys, while Walter Terry's Fiji Island musical sketch and Gardner and Révere's turn will supply enough fun to please the most exacting. A pair of "rube" acrobats and a singing quartette are other strong numbers in a splendid show.

**DUSTIN FARNUM IN THE "SQUAW MAN"**

Famous Play at Variety Theatre.

"There is no need to introduce 'The Squaw Man' to the Victoria public any more than there is any need to inform them that Dustin Farnum is, as well as a baseball fan's time explaining to him what Christy Mathewson did to get into print.

"The Squaw Man" has lost nothing in the transfer from the stage to the screen of those qualities that made it such a marked success before the footlights. Besides having Dustin Farnum, who created the title role in the original play, to re-create it before the camera, every one of the big dramatic moments are incorporated in the film play without the sacrifice of a single one of the features which gave the drama so wide and enduring a vogue in the hey-day of its first popularity.

It may even be said that something has been gained through the camera which was forbidden to the stage because of its limitations. The thrilling scenes at the English Derby, where the Earl of Kerhill makes the disastrous plunge that eventually ends in his cousin's shouldering the burden of the family's dishonor and going into voluntary exile, the finely executed scenes of the burning schooner in mid-ocean and the rescue of the castaways—these, and others during the course of the six reels that tell the story of "The Squaw Man" represent the triumph of the picture over the stage production.

Dustin Farnum's acting is too well known from east to west to need any characterization here. He makes himself early felt in the play, though handicapped by an un-Farnumlike mustache, and once his lip is re-annealed that burden, his personality asserts itself with all its force over the spectator.

Winifred Kingston handles the somewhat secondary part of Lady Diana well. A full-blooded Indian, Red Wing, plays Nat-U-Ritch and shares the screen honors with Farnum himself. The rest of the cast is adequate, and more, to the demands of the drama.

This picture will be shown at the Variety Theatre during the last half of the week, commencing to-night. There will also be "The Topical Budget," dealing with present events in Europe.

# BIG DAYS

## At the Ladies' Sample Suit House

# SALE

The news of our sale has spread over the whole island, and the smartest dressers in the city and nearby towns have been quick to take this opportunity of being able to buy Sample Suits, Coats or Dresses at so big a reduction. Never before have high-grade Fall garments been sold at so reasonable a price so early in the season. It is indeed a rare chance for the ladies.

A shipment of one-piece Dresses, nicely trimmed, all colors, to be sold at our sale price, \$3.50. We can make no alterations as these Dresses are not samples, and the manufacturers have only sent them to us for a quick sale.

CAPESES—Only a few left, and they will go at prices that will surprise you; every one is of the latest design.

Open Saturday Night To 9.30.

## LADIES' SAMPLE SUIT HOUSE

1208 Government Street, Upstairs

**"THE SPENDTHRIFT"**

"Peg O' My Heart" is proving a popular drawing card at the Princess theatre, the Irish witticisms of Peg

bring round after round of applause, while "Michael" Peg's pet dog is making as big a hit as his mistress. Next week the attraction is to be the comedy drama "The Spendthrift." This bill was used by the Allen Players all last season while on tour and met with such splendid success that it has been deemed very suitable to succeed such a fine play as "Peg O' My Heart."

The opening of the story finds a reputed wealthy New York business man in desperate financial difficulties, the result of the extravagance of his better half. His disappointment over defeated ambitions and his wife's utter inability to realize the seriousness of the situation leave the man exasperated, but the crowning misfortune of all is when he realizes that his wife has deceived him in obtaining a loan from a male friend. The scene in which the husband forces his wife to telephone to the alleged friend and tell him to come at once, is very thrilling, especially as the husband conceals himself in the room and awaits his arrival.

"The Spendthrift" has been used as a vehicle for stars many times but it is a long time since Victoria has witnessed a production of this excellent play.

**SPECIAL NOTICE TO VICTORIA FOLKS**

We wish to announce we are exclusive Victoria agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser we ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-i-ka never gripes, is safe to use and the INSTANT action is surprising.

AN ACTUAL SCENE TAKEN OF THE LARGE CROWDS ATTENDING THE WRECK SALE AT THE CORNER OF YATES AND GOVERNMENT STREETS

Which is being held by the Railway Salvage Brokers, a well known corporation making a business of handling stocks of merchandise saved from marine, mercantile and railway disasters. The picture of the huge crowds being attracted to the sale speaks volumes for the success of this wonderful merchandise movement that may be attributed solely to the large part of the publicity being car-

ried by the Times, in conjunction with the marvelous bargains to be had at this sale. Anyone contemplating purchasing anything in the line of Clothing, Hats, Shoes, Furnishings, Groceries and Tobacco would do well to investigate the money-saving possibilities to be had during this extraordinary event, which should appeal to the economically inclined people of Victoria and vicinity, to whom the saving of dollars is equivalent to dol-

lars earned, especially during wartime—which is economizing time. The manager, when interviewed, stated that large crowds were anticipated for the next few days, since the news is being heralded of the sensational bargains to be had at this great sale, and in order to facilitate the handling of the immense crowds, especially for Saturday, additional salespeople will be added to the already large staff that are kept as busy as bees.

### HIGHLY ESTEEMED CITIZEN IS DEAD

J. S. C. Fraser, Manager of Bank of Montreal Here, Passed Away at Toronto

WAS GREAT SPORTSMAN AND GENIAL FRIEND

Seriously Wounded in Northwest Rebellion and Never Fully Recovered

"A perfect gentleman, a popular citizen, and an all round sportsman."

This is a prominent Victoria business man's brief appreciation of the late J. S. C. Fraser, manager of the local branch of the Bank of Montreal, whose sudden death yesterday afternoon in Toronto as a result of ptomaine poisoning has caused widespread sorrow in the whole community and has awakened intense sympathy for Mrs. Fraser and family.

To all who had the pleasure of even the slightest acquaintance with Mr. Fraser his death leaves a gap that can never be filled. The influence of his personality was always exerted to the highest good of the community, and no more efficient citizen ever took up his residence in Victoria. His clear burning faith in the future of the Canadian west, and his sane, sound business methods in one of the most important financial posts in the city, had made him recognized as a force always exerted towards the goal of increased prosperity.

The circumstances surrounding his untimely end are peculiarly tragic. Receiving word that his aged mother in Toronto was extremely ill, and in fact not expected to live, Mr. Fraser hastened with all speed eastward. Arriving at Toronto, he found his mother improving steadily. So late as October 28 Mr. Fraser got up quite well and paid visits in the city. But later in that day he was taken to the hospital suffering from a bad attack of

ptomaine poisoning, which ultimately caused his death.

The second son of the late Archibald Fraser, of Fraserfield, Glenora county, Ontario, and a grandson of Hon. Alexander Fraser, the late manager of the Bank of Montreal was born on March 25, 1862, and was educated in private schools in Ontario.

He first entered the service of the Bank of Montreal 36 years ago, when he was appointed to a post in the branch at Ottawa. From that time on his rise was steady. From the capital city he went on to New Brunswick, and in 1888 to New Westminster. Eight years later he opened the new branch of the bank at Rossland and was its manager until the year 1912, when he was sent down to take charge of the Victoria branch.

Fighting right through the Northwest Rebellion, the late Mr. Fraser received a severe wound in the right knee, at Cutknife Hill. He never properly got over the injury, which made itself felt all through his remaining life time.

Besides being a dead shot, he was a great all-round sportsman, and there was scarcely a manly athletic pastime in which he had not at one time taken a prominent part. His figure was well known on the "Oak Bay" golf links, where he was an enthusiastic devotee of the masher, and his Scottish ancestry also manifested itself in a profound love of the sport of curling. He was recently elected president of the new curling club in Victoria. He was a member of the tennis club also, and was no mean exponent of the art of wielding the racket. In his day he was an excellent match player and had a collection of medals for marksmanship of which he was very proud, while other trophies of sport hanging in his rooms betrayed his belief in the old motto, "Sound mind in sound body."

As a financial man he ranked high among the many very efficient men living in this province. His appointment to such an important post as manager of the branch of the Bank of Montreal in the capital city of the province at a very important stage in its history is proof of the esteem in which he was held at headquarters. To his important position he brought infinite tact and resource. His firmness never degenerated into brusqueness, and as a result he made himself extremely popular wherever he went. His loss will be felt just as deeply in the Kootenays as it is on the coast, for he had a host of friends in Rossland and vicinity, where for many years he was one of the most influential financial men in that thriving community.

The late Mr. Fraser leaves a widow and four children to mourn his loss.

Mrs. Fraser and the two elder children followed him to Toronto a week after his last departure from Victoria. His mother, who is a sister of the late Sir R. W. Scott, also survives him.

Among the other relatives there are four sisters still living. One is the wife of G. O. Leask, of Sylvan Lane, Victoria; another is married to the Hon. Mr. Justice Anglin, while two remain with their mother in the parental home. He has a nephew surveying on the west coast of Vancouver island. The family residence here is at "Hochelaga," on Rockland avenue. Mr. Fraser was a member of the congregation of St. Andrew's cathedral.

Mr. Fraser was a blood relation of Simon Fraser, discoverer of the Fraser river. One of his most treasured possessions was Simon Fraser's family plate.

The sudden death of Mr. Fraser recalls the unexpected demise a few weeks ago of the man he succeeded at the Bank of Montreal. This was the late A. J. C. Galletly, who dropped dead at Clover Point range from heart failure.

No arrangements for the funeral have been made, but it is expected that interment will take place in Victoria.

### ST. COLUMBIA CHURCH TO BE DEDICATED

Opening Services to Be Held on Sunday Next and to Continue Over Three Weeks

Although several weeks later than was anticipated just prior to the outbreak of the war, the first of the dedicatory services of St. Columbia Presbyterian church will take place next Sunday, November 8. The new church, which is a very handsome structure, stands at the corner of Mitchell and Granite streets, Oak Bay, and commands a splendid view of what is conceded to be the finest residential section, and in both architecture and appointments, is in keeping with its surroundings.

The new church, work on which was commenced early in the present year, is the outgrowth of the congregation which met first in the original St. Columbia church erected in 1892. When the work was first inaugurated as East Fernwood mission, the Young People's Society of St. Andrew's church, Victoria, took charge of the work until it

was taken in hand by the Presbytery. It was owing to the enthusiastic labors of this organization of young people that the mission was carried safely through its earlier stages, and the work of building was largely the result of volunteer labor. The lot for a building site was given by Thomas Gambling, and A. Maxwell Muir, architect, drew up the plans for the building.

It was during the ministry of Rev. R. G. Morrison that the name of the mission was changed to St. Columbia. On November 28, 1912, the new church was formally opened, and two years later the Presbytery decided to combine the East Fernwood, Spring Ridge (now Knox) and Cedar Hill (St. Aidan) into a mission charge under the care of Rev. Mr. Chisholm. The late Prof. R. G. Morrison, the student missionary, was ordained and inducted, and Rev. Mr. Forster and W. E. Knowlton succeeded, and were followed by Rev. Alexander Fraser, who died at his post in 1903. He in turn was succeeded by Rev. Joseph McCoy, M.A., during his ministry the congregation discharging all its debts. In 1909 St. Columbia became a separate charge from Knox, and the following year Rev. R. A. MacConnell, the present minister, was called, ordained and inducted. The congregation continued to increase in strength and numbers. In 1911 a building committee was appointed to secure a new church site, and the three lots on which the new building has been erected were selected. The following year St. Columbia became a self-sustaining congregation, and in January of last year the erection of the new building was authorized, excavation work being commenced in March, and the corner-stone laying taking place in June of this year.

The new edifice just completed by the united efforts of the pastor, Rev. R. A. MacConnell, and his congregation, is a capacious structure of imposing appearance with seating accommodation for about 400 people in the main auditorium, and from 125 to 150 more in the galleries. The study and choir-rooms are to the right and left of the choir-loft respectively, and in the basement are various class-rooms for the Sunday school and social rooms, which will greatly assist in the carrying forward of the institutional work of the church.

The edifice is of imposing appearance, both within and without. The entire measurement of the building from side-walk to rear is about 90 feet, with an entire width of 60 feet. Beautiful Gothic windows have been fitted, which not only add to the beauty of the general appearance, but provide splendid lighting in the auditorium. Over the organ is a half dome of leaded glass which has been very artistically done by Albert F. Roy, and through this the choir-loft will be splendidly lighted.

The church is handsomely and comfortably furnished, the pews having been installed already, owing to the energy of the ladies of the congregation who undertook this part of the furnishings.

A handsome souvenir of the dedication services has been prepared. This contains a brief historical sketch of the mission and church of St. Columbia; photographs of William Henderson, the architect, and a liberal contributor to the building fund; of Rev. R. A. MacConnell, the present minister; of Rev. E. A. Henry, B.A., the preacher-dedicator; of F. A. Small, the only remaining volunteer worker on the old church who is still connected with the congregation; and of Rev. R. G. MacBeth, M.A., who is to take part in the dedicatory services. A photograph of the new church will occupy the front page of this souvenir, and one of the old church will be on the last page.

Reference is made within to Cousin Bros., who have done the excavation work without charge, as their share of the congregational contribution, and to Messrs. Brown and Pomeroy, who made their contribution by painting and finishing the structure. A programme of the complete dedicatory services as follows is also included.

Sunday, November 8, Rev. E. A. Henry, B.A., of Vancouver, will preach morning and evening. In the afternoon there will be a Sunday school rally, when Alex. J. Mitchell, of the First Presbyterian church will speak. Monday, November 9, lecture by Rev. E. A. Henry, B.A., "A Trip to Australia and Back, or a Life on the Ocean Wave." (Illustrated.) Tuesday, November 10, social gathering, reception and platform meeting, with short addresses from local ministers. Sunday, November 15 and 22: Opening services continued. Preacher, Rev. R. G. MacBeth, M.A. From November 16 to 26 Mr. MacBeth, who is widely known through his books, and who also holds a medal and clasp for action in military service, will conduct special week night services.

SHIDZUOKA BERTHS

HERE FROM ORIENT

Nippon Liner Has Rough Trip; Discharging Large Cargo at Outer Docks

One day late the Nippon Yusen Kaisha liner Shidzuoka Maru, Capt. Deguchi, arrived at the outer docks this afternoon at 3 o'clock from Hongkong, Shanghai and Yokohama.

The Shidzuoka Maru will be berthed here until early to-morrow morning. She has 900 tons of general merchandise to discharge at the ocean docks and it will take the stevedores over 12 hours to sling this freight out of her.

The Osaka Shosen Kaisha announced a change in the sailing hour of the steamships from Victoria for the Orient. The original time of departure was every second Tuesday at noon.

MUCH GRAIN LEAVING

OREGON THIS MONTH

About 100,000 Barrels to Be Set Afloat From Portland for Foreign Ports

Portland, Nov. 5.—Between 80,000 and 100,000 barrels of flour, valued at nearly half a million dollars, will be set afloat at Portland for ports across the sea this month, representing the largest transactions in that line for about a year.

The Japanese steamship Kongosan Maru, which is now loading here, will take out about 50,000 barrels of flour and a quantity of grain. She is one of the best owned by Mitsui & Co. Her cargo will be taken to Hongkong and Japanese ports.

But the difference is expected to be more than made up in the increased orders coming from various sections of Europe for both flour and grain.

MYSTERY SURROUNDS

OLYMPIC'S PASSAGE

Last Trip From New York Eddred at Belfast; Winter Sailings Cancelled

Belfast, Ireland, Nov. 5.—The winter sailings of the White Star steamer Olympic have been cancelled and today the crew was paid off.

The Olympic left New York October 21 for Glasgow. Eight days later while off the north coast of Ireland she was warned by wireless of the danger from German mines.

At the office of the White Star line it was said today that the Olympic's winter sailings had been discontinued earlier than usual this year because of the small number of passengers carried on the last trip.

TIDE TABLE

Table with columns: Date, Time H, Time M, Time H, Time M. Rows for various dates in November.

MEETINGS

Services at Willows.—Rev. Dr. Campbell, chaplain of the forces, will conduct services as usual next Sunday at 11 o'clock at the Willows camp.

SHIPPING INTELLIGENCE

Portland, Ore.—Arrived: Mrs. Kongosan Maru, Honolulu, San Francisco, Sailed: Mrs. Honolulu, San Francisco.

AIDS TO NAVIGATION

(389) Strait of Georgia—Sandheads of Fraser River—Roberts bank—Canoe pass—Aids to navigation discontinued.

(390) Burrard Inlet—Vancouver harbor—Coal harbor—Buoyage; Seven wooden spar buoys are maintained in Coal harbor.

Buoy No. 4, position—400 feet 295 deg. (W. Mag.) from buoy No. 2. Color—Red.

Buoy No. 6, position—400 feet 295 deg. (W. Mag.) from buoy No. 4. Color—Red.

Buoy No. 10, position—400 feet 302 deg. (N. 83 deg. W. Mag.) from buoy No. 8. Color—Red.

Buoy No. 12, position—400 feet 302 deg. (N. 83 deg. W. Mag.) from buoy No. 10. Color—Red.

Buoy No. 14, position—400 feet 302 deg. (N. 82 deg. W. Mag.) from buoy No. 12. Color—Red.

Former notice—No. 113 (319) of 1911. Variation in 1914: 25 deg. E.

(391) Burrard Inlet—Vancouver harbor—New pier off Canadian Pacific Railway station—Lights and fog signals: New pier—A new pier, called Pier "D", has been constructed by the Canadian Pacific Railway company in Vancouver harbor, off the railway station, Vancouver.

Lights and fog signals—A float has been placed out a distance of 35 feet from the northwest corner of this pier and in line with its westerly face.

Caution—There is shallow water between the head of the pier and the float, and vessels are warned not to go between these points.

Remarks—These aids to navigation are maintained by the Canadian Pacific Railway company and will probably be discontinued when this pier is extended out, when further notice will be given.

Services at Willows.—Rev. Dr. Campbell, chaplain of the forces, will conduct services as usual next Sunday at 11 o'clock at the Willows camp.

Anniversary Social.—Under the auspices of the Ladies' Aid society of the First Baptist church, an anniversary social will be held in the evening of Wednesday, November 11.

Metropolitan Brotherhood.—On Sunday next at 2:30, the weekly meeting of the Metropolitan Church Brotherhood will be held in the auditorium of the church, when an address will be delivered by W. Marchant on the subject, "Loyalty to Truth".

Private Subscription Dance.—Under the management of Mrs. Simpson a series of private subscription dances will be commenced next Monday evening with an opening ball at the Alexandra ball-room. The arrangements in connection with the event

Will Speak here.—On Sunday Nov. 15, the President of the American Unitarian Association, Rev. Samuel A. Eliot, D. D., Boston, Mass., will visit the First Unitarian church in this city.

Private Subscription Dance.—Under the management of Mrs. Simpson a series of private subscription dances will be commenced next Monday evening with an opening ball at the Alexandra ball-room.

Through Steamers to San Francisco, Los Angeles, San Diego. Leaves Victoria, Friday, 11 p.m. For Seattle, 12 a.m.

Leaves Victoria, Friday, 11 p.m. For Seattle, 12 a.m. For San Francisco, 12 a.m.

Leaves Seattle Nov. 7, 11, 27. Call on Skagway, Juneau, Wrangell, Ketchikan and Prince Rupert. For particulars, call on R. P. Rihart & Co., C. A. Solly, 1117 Wharf St., 1023 Gov't St.

WHOLE COMMUNITY AROUSED. Victoria turns out in masses to the Great Wreck Sale. Hundreds of people had to be turned away owing to the sales people being powerless to cope with the stampedede. Come to-morrow, Saturday or Monday if you were unable to gain admittance to this great event. See to-morrow's paper for further particulars of this stupendous slaughter. HELP! HELP! HELP! WANTED. In all departments at the Great Wreck Sale. Salespeople experienced in clothing, hats, shoes, furnishings or groceries, apply RAILWAY SALVAGE BROKERS Corner Yates and Government Sts.

### WOMAN COULD HARDLY STAND

Because of Terrible Backache, Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa. "I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache, so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."

Another Woman's Case. Providence, R.I. "I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, hearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

Letters for publication in Daily Times must be received at the Times Office no later than the day before the day of publication. When received later they will be held over until the following day.

#### LADY JELICOE'S APPEAL

To the Editor:—Will you allow me to appeal through you to the public on behalf of Lady Jelicoe's fund to provide winter comforts for the men of the British navy? I am quite aware that the appeals to the public have now pretty nearly reached their limit. I am also quite aware that there are many people who are now quite unable to give more than they have already done. Still there are no doubt many who are yet able to do a little more, and to them I would appeal on behalf of this fund.

TEACHERS AND PATRIOTIC FUND

To the Editor:—In my letter of 31st Oct. I promised to withdraw, with apologies, any statement which could be proved inaccurate. Therefore I trust you will allow me space for an explanation of my remarks on the above subject to the chairman of the teachers' relief fund committee.

With regard to Mr. Geo. Hardy's criticism of my letter on "The Problem of Unemployment," his suggestion to divide the day's work between two gangs, each to take four hours, meets the object of giving double the number of men a chance to earn a living.

Mr. Hardy says I must be an employer of labor or a laborer myself; well, I happen to be a man over sixty years of age and retired from business.

POSITION OF WORKINGMEN.

To the Editor:—Permit me to write a few lines in answer to a letter published in your paper signed "Common Sense."

COMMON SENSE.

CHAUFFEURS ARE WILLING.

WEEKLY WEATHER REPORT.

WOMAN'S BEST MEDICINE

Mrs. Kelly Advises All Women to Take "Fruit-a-tives"

ING as high as \$50 a month in some of these residences in Victoria? Is this what we would call a white man's country? Anyone before a good loyal British subject, I am afraid, Mr. Editor, that there is a lot of political graft going on in this fair city of ours, for I don't believe that any man who had ever done any manual labor in all winds and weather would ever attempt to write such letters as "Common Sense."

### WOMAN'S BEST MEDICINE

Mrs. Kelly Advises All Women to Take "Fruit-a-tives"

Hagersville, Ont., Aug. 26, 1913. "I can highly recommend 'Fruit-a-tives' because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking 'Fruit-a-tives' for a general break-down and bought a good many dollars' worth, but it was money well spent because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking 'Fruit-a-tives' after reading my letter, and if they do, I am satisfied the results will be the same as in my own case."

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size, 25c, sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

### Why Wear a Plate?

NO GOLD FOR THE FRONT TEETH

My system of replacing the anterior teeth is by the use of life-like porcelain facings, with solid gold cast upon their backs. This work is as strong as your own teeth, is absolutely solid, and will last a life-time.

If you have three or more healthy, natural teeth, properly placed, there is no reason for wearing a plate. I will make you a set that will so closely resemble your natural teeth in beauty and utility that you will not realize but that they grew in the mouth. Perfectly sanitary—no removing to cleanse, no covering of the roof of the mouth, no aching, no pain. The last word in dentistry.

My price for bridgework is very low and my guarantee insures you a pleasing and lasting result.

Special Low Prices for November

Every person should have the teeth examined at least once a year. I make such examination free of cost or obligation, and at the same time show you what work needs to be done, and give you an estimate of the expense. Lady assistants always in attendance.

### I Make Teeth That Look Like and Do the Service of Your Natural Teeth

"ALVEOLAR" DENTISTRY

The new and successful system of replacing the lost teeth where it is impossible to wear a bridge, and without the use of a plate. This work requires two or more healthy, natural teeth, which act as a stay and guide to the Alveolar teeth, and are themselves preserved from future trouble and decay by the Alveolar work.

so placed in the picture as to show not only the porcelain facings but the solid body construction of the solid gold as it appears after being cast upon the porcelain. The work is sanitary, strong and durable, and is a god-send to those who cannot wear bridgework and do not wish to be troubled with a plate. Kindly call at my office and I will demonstrate this work from my samples. Where all the teeth are lost, then a plate must be worn.

### With Least Exertion

To do one's best work with comfort, body and brain must be in good condition. That requires proper food—food that contains all the elements that build brain and brawn.

### Grape-Nuts

Is that kind of food!

Made of wheat and barley, it contains all the nutriment of these most nourishing grains, including those vital mineral salts—phosphate of potash, etc.—that are discarded in making white flour.

Long baking breaks down the starch cells of the grain and makes this food easily digestible by the most delicate stomach. Economical, appetizing—

"There's a Reason" for Grape-Nuts Canadian Postum Cereal Co., Ltd., Windsor, Ont.

### INDIANS OF PROVINCE SUBJECT OF LECTURE

Rev. H. A. Collison Speaks Before Church of England Men's Society

Many members of the Christ Church branch of the Church of England Men's society attended the social which was held last evening in the cathedral school room, the first regular gathering of the society for the year having been anticipated with interest. Rev. Mr. Dawe, the president, occupied the chair, and a very delightful programme was furnished.

The chief feature of the evening, however, was the very entertaining address given by Rev. H. A. Collison, rector of St. John's, who spoke from personal experience of "Indians and Bears of British Columbia." In introducing the speaker, Mr. Dawe expressed his faith in Mr. Collison's ability to tell an entertaining story about two inhabitants of the province, in which he was specially well versed. He also said that the lecturer was the first man to establish conclusively the presence of caribou on the Queen Charlotte Islands, corroboration of his statement having been made a year or so later by the American naturalist, Sheldon, and the caribou being actually seen by the Indians in the same year.

A son of Archdeacon Collison, who has worked for nearly half a century among the Indians of the province, Mr. Collison was born at Metlakatla, and, as a small boy, spoke the language of the Nass and Skeena river Indians better than he spoke English. He had, consequently, had many opportunities to study them, and in his address described the native red man as he was at his best. He was not, said the lecturer, an agriculturist by habit, but a hunter, fisher and hunter of the wild animals of the woods and mountains being his preferred occupation. Much of the Indian folklore was beautiful and romantic, and it would be a pity if the Canadian government to lose what it would be impossible ever to regain once the Indian had completely died out. In the United States the government had taken some steps to preserve the beautiful legends of the Indians, and Canada should do the same. In connection with this remark the speaker narrated a beautiful Indian legend, one telling of how the beaver came into possession of his flat tail, and the other being of the great northern diver.

Mr. Collison's stories of the bears of British Columbia were especially amusing by reference to one or two narrow escapes which he had.

The Very Rev. the Dean of Columbia was present at the social and moved a resolution of thanks to the speaker for his very instructive and entertaining address. The next meeting of the organization will take place on November 26. Refreshments were served before the meeting dispersed last evening.

WEEKLY WEATHER REPORT. Victoria Observatory. From 28th Oct. to 2nd Nov., 1914. Victoria—Total amount of bright sunshine, 12 hours and 30 minutes; rain, 1.56 inch; highest temperature, 62 on 28th; lowest, 48 on 3rd.

Vancouver—Total amount of bright sunshine, 9 hours and 24 minutes; rain, 2.56 inches; highest temperature, 55 on 28th; lowest, 42 on 28th.

Nanaimo—Total amount of bright sunshine, 4 hours and 38 minutes; highest temperature, 48 on the 28th; lowest, 43 on 28th; rain, 3.24 inches.

New Westminster—Rain, 3.60 inches; highest temperature, 62 on 28th; lowest, 48 on 3rd.

Kamloops—Total amount of bright sunshine, 10 hours and 8 minutes; highest temperature, 62 on 30th; lowest, 36 on 3rd; rain, .08 inch.

Atlin—Rain, .26 inch; highest temperature, 44 on 28th, 29th and 31st; lowest, 28 on 3rd.

Dawson—No rain or snow; highest temperature, 38 on 30th; lowest, 20 on 30th.

A man's own good breeding is the best security against other people's ill-manners.—Chesterfield.

### GERMANS GOT IT HOT.

Corporal E. O'Hare, of the Irish Guards, writing from a military hospital in Londonderry, states that "he was in a bayonet charge on some of the enemy's trenches that I got knocked out, but we gave the Germans something to remember us. We walked over the bodies in the trenches just as

quickly. I can assure you they got it hot, although they outnumbered us by a long way."

"It is thought that the pyramids were built for the sake of giving employment to a large number of people," "of course," replied the vivaciously positive girl. "Anybody would guess that. Look at all the guides who depend on them for a living."

## WANDERERS BOOSTING SALARIES

### RONAN TRADE NOW TALKED OF

Victoria Septette Hold Initial Practice; Gardner May Join the Toronto Club

Victoria's championship hockey septette again stole a march on the other clubs in the P. C. H. A. when they turned out to the first workout of the season at the Arena last night. Four of the regulars, Walter Small, Lester Patrick, Bobbie Rowe and Skinner Poulin, were on hand, while Chuck Clarke, who received a try out by the Vancouver club last fall, donned the pads. Charlie Burnett and a couple of the other amateurs were also on deck and for the opener the pros showed lots of "pep." The team will practice again on Friday night, but the regular practices will not commence until the end of the month, when Bobby Genze, Dumny Ulrich, Dubble Kerr and Bert Lindsay will have arrived. No word has yet been received from Tommie Dunderride, while the management expect to have Bernie Morris, of Regina, also here for a tryout.

Montreal, Nov. 5.—The management of the Wanderers Hockey club have offered Odell Cleghorn, H. Hyland, G. Roberts, and S. Cleghorn contracts at \$500 for the coming season, but the players are still hold-outs. This is \$200 more than the management at first offered all players as a maximum.

Rumor has it that Skene Ronan, the useful Ottawa forward, who was drafted by the Patriots, does not wish to go west. Ronan was married last spring and has settled down in Ottawa. If Ronan does not go to the coast, he is mentioned as one party in a trade with Wanderers for Carl Kendall.

The re-organization of the Y. M. C. A. amateur hockey champions has been completed with the election of the following officers for the 1914-15 season: Patrons, His Honor, Lieut. Governor Paterson, Sir Richard McBride, Hon.

## LACROSSE CLUB TO HOLD DANCE SERIES

All arrangements have been completed for the first of the series of dances to be held this winter under the auspices of the Victoria Lacrosse club. The affair will be held at the Connaught hall on Nov. 12, and Miss Thain's free-press orchestra will be in attendance. A programme of the latest and most popular dances has been prepared for this ball, which promises to be a huge success. The committee wish to announce that all those who have been overlooked in the issuing of invitations can secure tickets by application to the following: Dr. G. A. B. Hall, Byron Johnson, Wm. Blake, C. Burnett, A. McGregor, A. O'Neil and Frank Sweeney.

## Semi-ready Tailoring

A motoring friend told us recently he'd looked in vain for a certain sort of motor coat—until he found here just what he wanted.

Moral—Try us first. Semi-ready Tailoring—the smartest and best tailoring in the world—embraces "all clothes that men wear" from Suits, Top Coats, Dress Suits, to Riding Breeches and Uniforms.

No Specialty shop prices. \$15 to \$30 for Suits. Overcoats from \$15 to \$45. Dress Suits, \$25, \$30, \$35. Riding Breeches, \$9. Norfolk Jacket Suits, \$20. Canadian McGill Ulsters, \$15.

To tell the genuine Semi-ready—mark the label in the pocket.

## SENATORS' RECRUIT

### RONAN TRADE NOW TALKED OF

Dr. Young, Hon. W. R. Ross, Hon. Thomas Taylor and His Worship Mayor Stewart, Hon. proconsuls, Ald. Geo. Bell and F. W. Witham, Y. M. C. A., president, S. J. Drake, vice-president, C. Wakeley, secretary-treasurer, J. Stewart, executive committee, K. H. Hennigar, H. McKenzie, M. Davidson, A. Archibald and McAdam, Walter Small, one of the professional hockey players, has promised to assist in coaching the team. H. K. Hennigar was re-elected manager.

Manager Jack Marshall announced in Montreal that his champion Toronto hockey team would be intact this season, with the exception of Allan Davidson, gone to war. Marshall will be in Toronto the last of December, and practice will commence early in the month. Several Ontario Hockey association players have been offered contracts. It is said that Andy Kyle, the local boy, who played in the Maritime league last season, will be with the Blue Shirts this coming winter.

Another lacrosse star will make his debut in National association hockey this winter in the person of Frank Baker, the clever home man of the Irish-Canadiens. Jack Marshall has signed up this player, and will try to fit him into a place on the champions' defence. Baker has been playing hockey around Cornwall where he lives, and is said to be very fast.

Manager Murphy, of the Ontarios, is very quiet these days. When asked about the hockey prospects he only laughs and says, "I have no hold-outs, because I have not asked any of them to sign yet."

The T. R. and A. A. champions expect to have all their regulars in line again. Harry Meeking should easily make the senior team this winter judging from his improvement last year.

The Riverdale roller rink at Toronto will be flooded this winter and will be available for hockey. The rink will accommodate 4,000 spectators.

## SCHOOLS WILL HAVE A STRONG FIFTEEN

Victoria schools will be represented in the Junior Rugby league this fall, a standing being held at Central Park yesterday for the purpose of organizing a committee to look after the team. Messrs. R. McInnes and Harry Boyd will look after the youngsters, and the first practice will be held on Friday afternoon at Central Park. The team will be picked from North Ward, South Park, Victoria West and Geo. Jay schools.

Stanford University, Nov. 3.—Stanford's choice for referee for the annual game with California has narrowed down to three men, according to a statement made by Graduate Manager Wilcox, who is conferring with Graduate Manager Stroud of the University of California on the matter. Rev. M. M. Mullineux, L. S. Heading, both of San Francisco, and Victor Howard, of Southern California, are the three. Stroud and Wilcox will go to the final agreement shortly. It is expected.

## INMAN INCREASES LEAD OVER HOPPE

Winnipeg, Nov. 5.—Melbourne Timon, English billiard champion of the world, easily outpointed Willie Hoppe, world's title holder at the billiard game, at yesterday's play here. Hoppe, in the afternoon, gave an excellent exhibition, contributing a brilliant 104 break, his highest in the series. Inman's best effort was 177, unfinished, in the evening. In the afternoon, Inman scored 625 to Hoppe's 28, but the latter could only manage 180 to Inman's 625 in the evening, these figures representing an average on the day's play of 557 and 155.

## REMARKED ON THE SIDE

Inman Has Improved at the American Game. Melbourne Timon's enthusiasm in the capital was tickled at the victory that Melbourne Inman scored over Willie Hoppe at Toronto on Saturday night. The matches now stand three to one, and it is almost a foregone conclusion that the American champion will carry off the series. Inman's victory was pleasing locally. The famous billiard stars will play in Victoria the latter part of this month, when Victorians will have an opportunity of judging their respective styles. Hoppe is a wonder at the billiard line-style of play and it is reasonable to suppose that on carom shots alone he can hold his own with Inman on the bigger table. The big lesson of the series, however, is that the American game is a harder style of play to master. Inman, however, complains that the tables he has been playing on have handicapped his usual fast scoring and some of his pet shots have been rendered useless.

Wilding Promoted For Exceptional Bravery. Whether facing lawn tennis balls or German bullets, Anthony F. Wilding, the New Zealander, who, with Norman F. Brookes, won the Davis cup from America last August at Forest Hills, seems to be equally at home. That the giant antipodean is as good a soldier as he is a lawn tennis player was proven recently, according to reports received from London. Wilding, who enlisted in the British cavalry at the outbreak of the European war, has just been promoted to a lieutenancy for conspicuous gallantry on the field of battle. Details of the incident whereby Wilding gained his shoulder straps are lacking, but to paraphrase Kipling, the New Zealander is evidently "soldier and player, too."

Trouble For Soccerites. The Football association and the Ontario branch of the A. A. U. of C. are at war. The Ontario branch refuses absolutely to countenance the wholesale reinstatement of professional football players by the Football association, and says that any athletes who play with or against these "reinstated" professionals will be thrown out of all sport controlled by the A. A. U. of C. The Football association's reply is that they control football independently of the A. A. U. of C. and will do as they please with regard to reinstatements of professionals. No International hockey league will be formed till Ottawa and Quebec will get artificial rinks, or somewhere around A.D. 1964.

## HUGHES WILLING TO MEET DAVIES

Vancouver Pro. Wants Local Boy to Sign Articles; Club Tournery This Month

Bert Hughes, the Vancouver featherweight who turned professional last winter, is anxious to sign up Al Davies for a series of bouts for the bantamweight championship of the Pacific coast. Hughes has offered the local boy a \$1000 purse and a \$5000 purse if he wins. Hughes is willing to put up a wide belt in addition to the usual split of the gate receipts. Billy Davies, who is handling his brother, states that the boy will not enter the ring until he puts on a few more pounds. The fight game is somewhat slow these days and a youngster breaking in has little chance of making good with the present talent. Davies is easily the class of the provincial boxers and he will make good from the drop of the hat when he decides to make the plunge.

The announcement is made that the Vancouver Island A. A. will hold its first inter-club boxing tournament of the season about November 28. Billy Davies is now working on a card that will appeal to the local lovers of the capital, and he will also bring some of the Vancouver stars here for the meet. The Commercial A. C. has promised three boxers, including a heavyweight to meet Stewart, of the Sir John Jacksons club.

## JEWELERS WIN TWO FROM ELKS

Shortt, Hill & Duncan team defeated the Elks two out of three games. Pos. of the Elks, got high score and high average. The scores:

Player	Score	Average
Shortt	120	132
Hill	109	124
Duncan	107	124
Shortt, Hill & Duncan	336	112

Player	Score	Total
Shortt	104	177
Hill	109	184
Duncan	122	194
Shortt, Hill & Duncan	335	555

## GRASS HOCKEY

A week from Saturday the Grass Hockey association will open the season's schedule. Seven teams are entered. Viz: Civic Service, 85th, 50th, B. C. Horse, McGill, High School and Nomads.

## COLLINS WILLING TO HANDLE YANKS

### Gotham Magnate Admits That He is Dickering for Athletics' Star

New York, Nov. 5.—Though he will not admit that he has been angling for the Athletic star, Frank Farrell does not deny that he has hoped of separating Eddie Collins from the Philadelphia club next spring. Whether Collins would be made manager of the Yankees if obtained by the local American leaguers isn't altogether certain, but the probabilities are all that way.

## WELSH RUGBY

The Welsh Rugby team will line up as follows against the Willoes camp at the Willoes on Saturday: Full-back, Hayes; three-quarters, Moody, Honeychurch, S. James and D. James; half-backs, I. A. Thomas and Sid Hendra; forwards, A. Adams, A. Griffiths, J. Bangerter, Sam Reese, R. Steves, J. Simpson, N. Williams, T. Dorn and W. Richards; reserves, Lewis and Baxter. The game will start at 2:45. P. A. Davis will referee.

## RACING KILLED BY MINORU TACTICS

Vancouver, B. C., Nov. 5.—The death knell of racing has been sounded in British Columbia. After running for 101 days the British Columbia Thoroughbred association has finally drawn the curtains, and in the opinion of all connected with the sport there will be no more races held in this part of the country with either pari-mutuels or bookmakers.

Montreal, Nov. 5.—The famous old race horse, Bilberry, once one of the best steeplechasers in Canada, passed through Montreal to-day to be shipped to Salisbury, Plains, Eng., as a charger for Timothy Jarvis, Jr., of Toronto, lieutenant in the Royal Canadian Dragoons. The military field will not be new to the grand old jumper, for besides his racing career, he has for several years been used by Captain Frank Proctor, of Toronto, as his charger at Niagara camp, and last year was used by Lieut. Amelius Jarvis in the same capacity. He has also been employed as a leader in the class of riding instruction for the recruits and green horses of the Governor-General's Bodyguard.

## ARENA SKATING

### The rink will be open to the public on Tuesday, Thursday and Saturday evenings. Saturday morning and every afternoon. BAND IN ATTENDANCE AT EVENING SESSIONS

The prices have been reduced for this year.

Evening—General Admission 40c  
Saturday Afternoon—General 25c  
Afternoon and Saturday Morning—Adults 25c, Children 15c

Between the New York and Philadelphia clubs. Sydney, Australia, Nov. 5.—The Summer Baseball Association, Ltd., which has been organized, proposes to make a commercial success of the great American game in Australia during the coming summer here. Up to last summer baseball in Australia was regarded as a winter sport, indulged in only in an amateurish way from July to September. Some Sydney people privately backed the idea of summer baseball last year and four clubs were organized for "first-grade" competition. The games attracted from a thousand to two thousand spectators each Saturday afternoon.

## AFTER CHAMPION

New York, Nov. 5.—Waldok Zybzko, one of the foremost exponents of the wrestling art, is out with a challenge to Frank Gotch, the present world's champion. Through his manager, L. Kowalski, the challenger is willing to post a \$1,000 forfeit to bind the match. Gotch, while he is the present holder of the title, has not made his appearance on the mat in some time, and Zybzko believes he should either defend his title or retire.

## LANGFORD MATCHED

Los Angeles, Cal., Nov. 5.—Sam Langford, of Boston, and Tom McMahon, of Newcastle, Pa., were matched for a twenty-round fight at the Vernon arena here on the night of November 19. Both are heavyweights.

## SATURDAY'S SOCCER

Fairfield team for Saturday, Leeming, Donaldson, Church, A. Lea, Hill, P. Clegg, Gibson, Richards, James, R. Lea, Erickson, and W. Cox, Sellers, Payne.

In Occupying Avlona Italy Suggests Pact With Britain

Victory for Allies' Poes in Present Struggle Would Mean Austrian Adriatic Extension to Which Southern Kingdom Holds Key.

Six months ago the announcement of the landing of Italian marines at Avlona...

The value of Avlona is revealed by a single glance at the map of the Adriatic...

Look again at the same map and it will be seen that all the great harbors...

The creation of the kingdom of Albania in 1913 was the direct consequence of conflicting rivalries...

Yet even so the Albanian kingdom was created it crumbled...

Kingdom Soon Crumbled. The Albanian kingdom was created it crumbled...

Yet even so the Albanian kingdom was created it crumbled...

the Hapsburgs. If Austria has been willing to risk a world war to protect her Bosnian and Croatian provinces...

Thus in the wider sense Italian occupation of Avlona is a step, a long step, toward alliance with the enemies of Austria and Germany...

More than this, the prospect of Austro-German victory hereafter might force Italy to join in the present war...

At the outset of the war Austria and Germany are said to have offered Italy, Algeria, Tunis, Corsica, Savoy, Nice...

For the future, then, Italian influence seems bound to be exerted against Austria. Yet there are certain perils that will have to be met...

Italy's Course in Doubt. Thus, despite French effort, Greece was compelled to surrender districts Greek in population along the Adriatic...

Yet at the moment the Italian occupation of Avlona is unmistakably a step toward closer relations between Italy and the enemies of Germany and Austria...

"BURIED ALIVE" IN TRENCHES. Sergeant Seward, of the Royal West Kent Regiment, writing home to his wife...

CHANGE OF HALL—Princess Alexander Lodge, Daughters of England, will hold their social dance to-night in the Odd Fellows Hall, corner Yates and Douglas streets, instead of Orange Hall, as advertised.

COUNCIL PASSED A VOTE OF CONDESCENCE
Colleagues of Late J. S. C. Fraser on Board of Trade Council Express Sympathy
Feeling reference to the death of J. S. C. Fraser, manager of the Bank of Montreal, was made this morning at the council meeting of the board of trade, of which the deceased was a prominent member, and the secretary was instructed to forward a letter of condolence to Mrs. Fraser. All spoke highly of the value of the late manager as a member of the board and expressed regret at his loss.

DEATH IS REGRETTE
City Officials Found Late J. S. C. Fraser Courteous; Draw Span in Rock Bay Bridge.
It was with a feeling of general regret that the news of the death of J. S. C. Fraser, manager of the Bank of Montreal here, was received at the city hall, because most of the principal officials had been brought into close touch with him through dealing with the bank in connection with the lawsuit now pending about Sooke water-works. The Westholme Lumber company assigned to the Bank of Montreal, Mr. Fraser, throughout showed courtesy and geniality in dealing with all matters connected with the suit, which extended over the whole period of his management here.

URGE CHEAPER LAND
Real Estate Exchange Thinks City Can Secure New Cemetery Site at Lower Figures.
Being of the opinion that the city council is proposing to pay too high a price for the real estate for a new cemetery, the real estate exchange at its meeting last evening decided to appoint a committee to draw up a resolution on the matter for submission to the next meeting of the city council. The committee includes A. B. Fraser, E. C. R. Bagshaw, A. H. Harman and the secretary, C. J. Wright. The view of the exchange was that the council is about to pay far too much for suitable land for the public burial ground, and that arrangements can be made to secure good land at a cheaper rate.

SILVER MEDAL CONTEST
Miss Laura Gawley Wins Competition Held Under Auspices of West End Branch, W. C. T. U.
A big audience gathered last evening at Esquimalt Methodist church on the occasion of the W. C. T. U. silver medal contest, which was held there this being the sixth competition of the kind arranged by the West End branch of the union. The hall was very prettily decorated for the occasion, dahlias, chrysanthemums, and other garden blooms being arranged on the platform, and an effective scheme of lighting adding to the attractiveness of the setting.

SOCIAL REFORM COUNCIL
Annual Meeting of B. C. Body Opened This Afternoon; Father O'Boyle on "The Land Question."
The annual meeting of the Moral and Social Reform Council of British Columbia commenced this afternoon at 7 o'clock in the Knights of Pythias hall, North Park street, Rev. Dr. Pidgeon, of Vancouver, president of the society, in the chair. There was a very good attendance, many of the members having come down from the mainland and interior in order to be present.

THE APPLE FESTIVAL
Luncheon Planned as Means of Drawing Attention to Fruit Next Week.
The proposal to hold an apple festival here on Thursday, Friday and Saturday next, November 12, 13, 14, which has received so much support from various quarters, was given a further measure of endorsement at the meeting of growers and salesmen, both wholesale and retail, held at the offices of the Victoria and Island Development association this morning.

OBITUARY RECORD
The funeral of the late Mrs. Jane McCooy, whose death occurred on November 3, took place on Tuesday afternoon, Rev. Gilbert Cook officiating. The following were the pallbearers: Messrs. R. P. Mann, Frank Sere, G. B. Vale, F. Robertson, W. F. Van Menter. Quantities of beautiful flowers covered the casket.

MEETINGS
Women's Auxiliary of S. P. C. A.—The annual meeting of the Women's Auxiliary of the S. P. C. A. will be held at the Y. W. C. A. building to-morrow at 3 p. m.
Esquimalt Friendly Help.—The Esquimalt Friendly Help Association, will hold its monthly meeting to-morrow at 11 a. m. at the Soldiers and Sailors Home. A good attendance is hoped for.

MAY SEND MORE FLOUR
Belgian Relief Committee Considering Expenditure of Remaining Sum on Hand; Donations Still Come.
The total sum collected in Victoria in aid of the Belgians up to the present time is over \$7,350, and subscriptions continue to come in daily. Nearly \$2,000 remains after an expenditure of \$1,025 for a carload of flour and \$3,550 for British Columbia salmon, which has already gone forward. Both the flour and the salmon were secured at exceptionally low prices, so that the maximum amount of good quality for the money expended was obtained.

GLASGOW'S WIRELESS
HEARD SENDING CALL
Message Sent to Cruiser "Good Hope" Was Not Answered, Valparaiso Reports.
Valparaiso, Nov. 5.—It is learned that the British cruiser Glasgow and the transport Ontario escaped after the naval engagement with the German ships off the Chilean coast Sunday. Wireless messages from the Glasgow calling for the British cruiser Good Hope were intercepted. The latter did not reply. It is believed that the Good Hope and the British cruiser Monmouth, with their total crews were lost.

YOUR HELP IS NEEDED BADLY
Your help, and the help of every man in Victoria is needed to help the Victoria Y. M. C. A. retain its leadership in point of members and funds. Here is an institution that Victoria can well be proud of. An equipment that cost \$140,000, the best that can be had, devoted to building the right kind of manhood. This equipment is practically needed for one year to any man who pays ten dollars for membership this week.

JOIN THE Y.M.C.A. YOURSELF, INDUCE YOUR FRIENDS TO JOIN AND DO IT NOW
Every new member added this week; every dollar subscribed, means a step nearer to the winning post for the Victoria Association. The shield given by Lieutenant-Governor Paterson last year, to be held by the association gaining the largest number of members in a given time, is at stake. We have it now. We can hold it if you will help.

TOO LATE TO CLASSIFY
INFORMATION WANTED.—That will lead to the identification of the party who canvassed for subscribers to the Times in Esquimalt recently, giving receipts for same at \$2. per month. The name should be on receipt was George Brown. Send information to Times office.

ROTARY CLUB LUNCHEON
Addresses on Accounting, Recruiting and Transportation Are Heard by the Members.
There was a good turnout of members of the Rotary club at the Westholme hotel this afternoon, James B. Hunt, in the chair, in the absence of Frank Higgins, who is attending before the court of appeals in Vancouver.

TOO LATE TO CLASSIFY
WILL GIVE CLEAR TITLE to Shallow Lake lot, value \$150, for second-hand auto. Box 6475, Times.

TOO LATE TO CLASSIFY
NON-FORGET Mrs. Gleason's dance, Connaught Hall, every Saturday night, 8.30 to 11.30. Girls 25c.

## BUYERS HELD ALOOF FROM MOST OF LIST

### Portland Canal and Coronation Controlled Interest Again This Morning

The session was ruled by similar feeling as Wednesday. Buyers held generally aloof from various issues, but again supported Portland Canal and Coronation, both of which issues stood unchanged at the end. The trading area of the market was somewhat diminished and in isolated instances the situation was narrow to the extreme.

## HON. F. W. LAMBTON, DEAD

London, Nov. 5.—The Hon. Frederick William Lambton, brother of the Earl of Durham and popular in jockey club circles, is reported among the killed in action.

## PERUVIAN CABINET RESIGNS

Lima, Peru, Nov. 5.—Following the resignation yesterday of Dr. Aurelio Souzaza, president of the Peruvian cabinet, the other members of the cabinet resigned to-day. The political situation is uncertain.

## WHEAT PRICES SOUGHT CENT REACTION TO-DAY

### Several Bull Factors That Thrust Level Higher Early at List

(By F. W. Stevenson & Co.)  
Chicago, Nov. 5.—At this writing wheat futures are about one cent lower than the close yesterday. The market has had good action. Temporary dip in prices due to selling by discouraged holders who did not see chance of a bulge to 125 for the May to-day and this was largely responsible for the earlier market. December was 115 several times and the dip was to 116. No Liverpool quotations early left the trade in doubt. Tons of English news bulled. France also reporting destruction of mills and probability of heavy importations of flour. At mid-day seaboard houses were reported export business at 120,000 bushels. Kansas City was again working wheat for export. Cash wheat higher at Omaha and Kansas City.

Wheat	117 1/2	118 1/2	119 1/2
Dec	114	115	116

May	114	115	116

## WASHINGTON STATE VOTE FAVORS PROHIBITION

Seattle, Nov. 5.—Returns from 1,645 precincts, including the four largest counties, King, Spokane, Pierce and Snohomish, nearly complete, and Whiteman complete, give for prohibition, 147,310, against, 128,100. Remaining precincts should increase the prohibition majority greatly.

## AUSTRALIAN WOOL SALES

London, Nov. 5.—Nine thousand bales of wool, principally Queensland wools, were sold at auction here yesterday. The offerings were steadily taken by the home trade at unshaken prices. Secured sold at 2s, 2 1/2-2d; Victoria secured realized 2d, 4d and 8d per cent, and crossbreds advanced from 5 to 10 per cent.

## TOO MUCH RAIN, SAY SALISBURY SOLDIERS

### Twelve Thousand Letters Are Daily Sent From Camp by Canadians to Friends

New York, Nov. 5.—Most of the London correspondents of the United States newspapers paid their first visit to Salisbury Plain yesterday, attracted by the presence of King George and Queen Mary to inspect the Canadians. "Salisbury Plain is exactly like the country you see in Canada," said a Canadian officer to a correspondent. "It is typical of Alberta or Saskatchewan."

The officer has just arrived at the camp, but the men who have been there a fortnight said that there was one great difference between England and Canada, and they complained loudly about it as they sat around a stove in the big green Y. M. C. A. tent at Pond Farm, where more than 10,000 are encamped.

"We have seen more rain in the last two weeks than we see in Canada in six months, and that's a great difference," they said. "It is twenty miles from the old English town of Salisbury to the camp. The last ten miles are over roads which are one continuous mudslide. The big motor transport wagons have churned the tracks to sludge a foot deep."

Twelve thousand letters a day are sent out of camp, directed to Canada. The principal things wanted by the Canadians are pens, ink and paper with which to write home. They are the greatest letter-writers of the British army. The little balsa tables are crowded with men who are forever directing envelopes with Canada written at the bottom. The men sometimes demand things which the canteen is apparently unable to supply—tooth-powder and paste, for instance. Thousands of this have been sold in the market in which little shops have been established. The prices are kept very low, and the Canadians are surprised at what they can buy for a shilling. They are very fond of chocolate, but when they ask for chewing gum they do not get it, for there is none to be had.

They buy a great deal of brass polish for the buttons on their uniforms, and they are forever asking for patent cough mixtures, common in Canada, but whose very names are unknown in England.

There are only two women in the whole camp of 31,000. They take charge of the shop in the green marquee at Pond Farm and serve out chocolates, candies, soap, handkerchiefs and towels. The men have bought many little oil stoves to warm themselves as they sit in their tents.

Visitors to the camp have been struck by two things besides the continuous mud. The first is the good class of men represented in the Canadian contingent—their education and social behavior and their pleasant and cheerful manners. Rowdiness appears almost unknown and they are neither cocksure nor unduly meek. Respecting themselves they look for respect from others, and they get it. The second point noted is upon the quality of the horses they have brought over.

There is a library in camp for the use of which a fee of three pence is charged. The stories of W. W. Jacobs are in greatest demand. "The soldier's book of ninety camp songs," (price one penny), has been sold by thousands.

## OREGON GONE DRY BY MAJORITY OF 30,000

Portland, Ore., Nov. 5.—Oregon has gone dry by more than 30,000, it is declared. With 40 per cent of the vote counted, Oregon, outside of Multnomah county, gives for prohibition, 42,685; against, 26,249. If the proportion is maintained, the dries will come to Multnomah county with a majority of nearly 40,000.

## WHEAT BREAKS WHEN WAR NEWS RECEIVED

Winnipeg, Nov. 5.—The opening war news on the Winnipeg market, caused by higher Liverpool cables and British millers buying heavily, wheat prices were 1/2 to 1/4 higher, and 1/2 to 3/4 higher, and 1/2 to 3/4 higher. Following the opening there were further advances to the extent of 1/2 to 1, which placed May wheat about 100 at 112 1/2 with the undertone strong. The heavy primary receipts in the south and fair receipts from the Canadian west tended to keep prices steady. The export business continues decidedly active and overnight offers were accepted this morning.

Anticipations were that more transactions in this line would be carried through to-day. Dispatch claiming a big victory for the Russians or the Germans broke the prices sharply and values declined under the previous low points for the day.

## CRUISER MINERVA DID NOT BOMBARD JEDDAH

### British Pledged Not to Molest Holy Places in Arabia

London, Nov. 5.—The report current in London last night that the cruiser Minerva had bombarded the Arabian seaport of Jiddah, on the Red Sea, is devoid of foundation. The Minerva has not been within 600 miles of the place. On issuing this denial to-day the London official press bureau, published a proclamation circulated in India pledging the British government not to molest the holy places in Arabia. The proclamation points out that no question of a religious character is involved by the war.

The holy place and shrines in Arabia, including Mesopotamia and Jiddah will be immune from attack or molestation by British naval or military forces so long as there is no interference with the pilgrims from India. The governments of France and Russia have given similar assurances.

## MAJOR HAMILTON KILLED

London, Nov. 5.—Major Leslie d'Hervey Hamilton of the Coldstream Guards and the heir-presumptive to Lord Hamilton of Dalzell, it is announced to-day, was killed in action October 26.

## FIRING IS REPORTED OFF YORKSHIRE COAST

London, Nov. 5.—The British mine sweeper Mary was sunk by a mine in the North Sea to-day. Six of the crew of fourteen were rescued. The survivors, who were landed at Lowestoft, reported heavy gun firing off the Yorkshire coast this afternoon.

## Y. W. C. A. IN PARIS IS DOING VALUABLE WORK

Paris, France, Nov. 5.—Very valuable work is being done by the British and American Young Women's association among the young women of Paris thrown out of work by the war. The association receives free materials to be made up and employs many of the young women in making garments for soldiers at the front, payment consisting of a weekly salary and free meals. Another department of the association trains nurses for work at the front and many of the latter have already rendered useful service.

## SUNDAY BASEBALL ILLEGAL

Washington, Nov. 5.—The court of appeals here to-day reversed a ruling of a lower court and held that Sunday baseball in the national capital is illegal.

## COPPER KING DEAD

### F. Augustus Heinze, Picturesque Character of the West, Dies of Heart Failure at Saratoga, N. Y.

Saratoga, N. Y., Nov. 5.—F. Augustus Heinze, the copper mine owner, who died here last night, left no will. This became known this afternoon when Mr. Heinze's lawyers obtained from Surgeon Ostrander an order appointing Mrs. Liba M. Fletmann, of New York city, Mr. Heinze's sister, administratrix of his estate. The papers filed with the court placed a nominal valuation of more than \$10,000 on his estate.

Only a few weeks ago the late Mr. Heinze, celebrated in British Columbia for his remarkable fight with the Canadian Pacific railway over the Columbia and Western railway, was in this city on what proved to be his last visit to see the government in connection with the transfer of the property which he held back at the time he sold out his railway interests in the Boundary country to Canada's premier railway system.

Last night heart disease claimed him as a victim, and the powerful personality will no more be reckoned as a warrior against great corporations, which he fought through the length of his brief, but meteoric and remarkable career—a life which reads more like a

page from romance than cold fact in the twentieth century.

A graduate of Columbia University, he inherited a fortune of \$50,000 from a grandmother, and spent two years studying mineralogy in Germany. Commencing mining operations in Montana he soon began legal battles with the owners of various claims, and throughout his career he never compromised until he was in a position to get the best of the settlement.

In 1885 Heinze turned his attention to British Columbia, building a smelter at Trail and a narrow gauge railway to Rossland. United States Senator George Turner, of Spokane, was interested with him in the Le Roy mine. From that time dates his litigation with the C. P. R. which ended in a compromise—the company paying \$1,200,000 for the properties, with the exception of 200,000 acres of mineral land which he kept for himself. Afterwards came the great fight in Montana in which Heinze organized a political party, took the platform himself and obtained a reputation of international proportions.

In late years he turned to banking, and it is reported lost the millions he had made out of copper mining.

Fair of Allies.—The Fair of the Allies will be held on Dec. 8, in St. John's schoolroom, Mason St., by the ladies of St. John's Senior Guild. A good attendance of the ladies is requested on Monday next to make preparations for the Fair.

### SUBSTANTIAL SUM FOR RELIEF FUNDS

Report on Made-in-Victoria Exhibition Submitted; to Encourage Home Industries

The industrial committee of the Victoria and Island Development association yesterday afternoon adopted a report from the commissioner on the receipts and disbursements at the recent Made-in-Victoria exhibition, as a result of which the patriotic aid and Belgian relief funds will benefit considerably. The statement was:

From manufacturers, for space	\$235.00
Donations at door	105.00
Admissions	318.30
Proceeds of P. Burns & Co.'s sale	90.75
Less over-paid by Pendray & Sons, Ltd.	19.00
Total receipts	\$734.05
Disbursements:	
Labor, janitors, watchmen, etc.	114.50
Decorations, plants, etc.	17.80
Printing and advertising	65.98
Floor material	18.50
Sundry expenses	24.69
Total	\$231.98
Balance	\$502.07

The amount collected for patriotic purposes was \$35.30 for the patriotic aid fund and \$2.41 for the Belgian fund, and these amounts have already been paid over. One-half of the proceeds from the sale of the exhibit of P. Burns & Co., Ltd., went to each fund. Of the balance of \$507 an additional \$100 was voted to the Belgian fund and the remainder will go to the patriotic aid society. In his report the commissioner thanked the various parties who had assisted in the exhibition, and expressed the hope that it would stimulate production, even though the retailers at present could not supply customers with locally-made goods, probably because they had considerable stocks on hand which they desired to dispose of prior to restocking with local goods.

The report was adopted and the committee passed a vote of thanks to those who had assisted in the arrangements. The commissioner was instructed to communicate with Ottawa and urge on the government the desirability of buying British Columbia canned salmon and fruits, in making its purchases for the Belgian relief fund.

The Retail Employees' organization is to hold a meeting on Wednesday evening next at the city hall, when the means which can be adopted with greatest advantage to assist in the movement to increase the use of locally-made goods will be discussed. Members of the city council, the Development association and the Manufacturers' association will attend. At a subsequent date the manufacturers propose to entertain the retail clerks at a social gathering.

A complaint from a vegetable producer at Parksville that the cost of freight on shipments of less than carload lots on the Esquimalt & Nanaimo railway was excessive, was referred to the freight committee of the board of trade.

There were present at the meeting Alderman Porter, in the chair; Mayor Stewart, Aldermen McNeill, Dilworth, Bell, Sargent, Todd, Okell, F. A. Pauline, R. W. Douglas, J. L. Hunter, E. E. Billingham, F. W. Newton, J. L. Beckwith and W. J. Williams.

Old friends are the great blessings of one's later years. Half a word conveys one's meaning. They have a memory of the same events, and have the same mode of thinking.—Walpole.

### POULTRY SHOWS ARE ATTRACTING NOTICE

Sooke Association Holds Fair November 18-19; Show at Langford

On Wednesday and Thursday, November 18 and 19, the third annual show of the Sooke Poultry association will be held in Charters' Hall, Sooke. At the same time this will be the first official branch show held in British Columbia under the auspices of the American Poultry association, an organization of all the leading poultrymen of the continent on both sides of the line.

W. H. Hayward, M.P.P. for Cowichan, will open the show at 3 o'clock on Wednesday, and on the afternoon of Thursday the prizes won will be presented to the winners by Mrs. H. Peckey, wife of the member for Esquimalt. The judging will be in the hands of W. M. Costa, a well-known judge of poultry. Entries close on November 11 with Mrs. W. Miller Higgs, Box 734, Victoria, from whom any information desired can be had.

There is an extensive list of special prizes, both cash and trophies, and the association is being given valuable aid by the Sooke Development league, the Sooke Agricultural association and the Sooke Women's institute, which latter has made it a very generous gift. There are nineteen classes, one of which is known as the "gift" class. The entries which are made in the three sections of this class will be sold for the benefit of the Red Cross society. Already there has been received an offer from Francis Wright, Sooke, of \$100 for the pair which wins the first prize in this class. It is hoped by the directors of the association that there will be a large number of entries and spirited bidding for the birds at the close of the show.

The Langford Poultry association is taking steps to secure the representation of its members in the market here, and at a meeting of the members, it was decided that a market stall should be applied for in the name of the association, and that a tax of one per cent on the value of all produce sold there should be imposed towards paying the rent and any other expense, the deficit, if any, to be paid by the association.

At the fall fair of the association there was a good list of exhibits of young birds which were judged by W. Miller Higgs with the following result:

### SHARE IN ADVERSITY

Chief Justice Holds That Land Registry Office Must Take Lower Fees Since Value of Property Drops

That the provincial government, through the land registry office, should bear a share of the adversity of the country by taking fees only on the reduced value of charges which are being registered, was the opinion of Chief Justice Hunter as expressed in the course of an application made to him in Vancouver.

The National Trust company of Montreal wishes to register a mortgage for \$2,000,000 held by it on certain lands at Port Maitland. It was agreed by D. J. O'Neill, for the company, and H. C. Hamilton, inspector of legal offices for the government, that the value of the property is \$1,000,000, and the company does not want to pay fees on a mortgage that figure as being the value of the lands at the time of registration.

"Shoestring speculations result in all kinds of inflated values," remarked the chief justice. "My opinion is that the fee to be given to it by an intending purchaser in the open market. The land registry office has claimed a share in our prosperity. It seems fair to me that it should share in our adversity."

His lordship found, therefore, that the amount of the fee that should be paid must be based upon the market value of the property.

### A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as Zam-Buk is applied to a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, as soon as Zam-Buk is applied to a sore or a cut or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after this cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

Useful and Beautiful Gifts for Christmas At Very Reasonable Prices

Don't imagine that you are not going to have any Christmas at all because times are hard and so many things are needed for the house. Why not make a virtue of necessity and give one another useful gifts that will be doubly appreciated for the extra comfort they bring. You'll be surprised how little it will cost you to buy ever so many beautiful and useful gifts at Weiler's reasonable cash prices. Come in now, while our stocks are complete, and avoid the rush of Christmas shoppers.
